neither hid, that shall not be known”

QUESTION 1: What is the greatest element of attack of the net-work of wicked sprits and how can one overcome them?
279

CHIEF DONALD UGBAJA
Deputy Inspector General of Police, rtd.
Ikoyi, Lagos, Nigeria.

IYKE NATHAN UZORMA: I have always said that there are more than the eyes can see. There is a great invisible warfare going on here on earth. In this great warfare, we are not fighting against flesh and blood. We are not fighting against our fellow human beings. Rather we are fighting against:

“Principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places”.

- *Ehp. 6: 10-12.*

Before I came to the path of the Blessed Lord Jesus Christ, I was a principal cosmic agent (Living Grand Master and Avatar) of the occult and esoteric systems. I am aware therefore of the existence of astral entities, etheric and extraterrestrial spirits, and much more, who are united in an invisible warfare against the earthmen via diverse crafts and manipulations.

By the grace of God, I have been speaking on the subject matter of spiritual warfare since I came to the path of Christ. My answer to your question therefore is designed to help on the path of daily victory over the devices of the powers of darkness. I want to reveal the role that FEAR plays against people in the field of battle. This is because I have discovered that some “believers” still have the spirit of fear in them.

It takes a lions heart to be a man. The lions heart is the mind of powers – the heart of victory. This goes with the spirit of boldness. If you boldly confront any element or power of darkness in the universe, that element or power must flee from you in the name of Christ.

Nevertheless, whatever that strikes fear into your mind has already defeated you. A true child of God has no cause to fear anything. Why should I fear? We must know that even “fear personified” (the spirit of fear itself) fears our Lord and Master Jesus Christ.

I want you to understand that fear is an illusion. Fear is a great tool of destruction in the hands of the powers of darkness. Man is made by God to live in LOVE not in FEAR. He who lives in fear has himself to blame.

Fear is a great demon with which the earthman rides faster into the chambers of the dead. Consequently, he who dies out of fear learns in the chambers of the dead that he has been deceived²⁸¹ by the spirit of fear. This is

because there is absolutely nothing to fear in this universe. Consummate realization of this, brings you to the recognition that even the proclaimed “fear of God” in the light of the ultimate truth stands for the love of God. We are given the spirit of love not of fear. Therefore we should live in love not in fear.

“For God hath not given us the spirit of fear; but of power, and of love, and of a sound mind”

- 2 Tim. 1:7.

The foremost role of fear, as a principal device of the powers of darkness, is to bring you under the canopy of occultic manipulations. When you are there, you are gone, except Jesus Christ comes to set you free – to deliver you!

To this end, a believer should have it in mind always that there is nothing to fear – absolutely nothing! Let Satan do the worst; but don’t be afraid, and surely you will see the victory and power of the Almighty God.

In my former days of occultic practice via astral projection, we used what is called *fear-technique* and *fear-element* to manipulate people unto destruction in diverse ways. Now, the fear-technique has to do with the secret art of astral projection on how to launch fear into a human consciousness. There ²⁸²are many ways of doing

this. The fear-element, however, has to do with an individual's object of fear – the very thing that brings fear into your consciousness.

The best way to overcome all demonic manipulations of fear-technique and fear-element is not to fear anything. Don't fear any creature, object, condition or situation in the universe. This is very important, because whatever you fear can be used to manipulate you by the invisible entities of the astral realms of darkness.

For instance, if you are one who fears snake, then snake will be immediately recognised as your "fear-element". If you are afraid of a certain man or woman, such a man or woman can be used as your fear-element. This can happen with or without his or her knowledge. If you are afraid of dog, poison, armed-robber, fire, sickness, accident, thunder, witchcraft, or ghost, and much more, then such can be used against you in this regard.

For further example: if the powers of darkness come to launch sickness or accident against you, these can not approach you if you are fearless and strong in the Lord. These must flee and fade away from the rays of the Light of Christ. But if you are under the mode of fear, when they come, they will have a base to prevail on you. In other words, the powers of darkness would first attempt to subject you under the power of fear before striking you with their main attack.

This is where the fear-element comes in. If they want to attack a "believer" with anything, they must first bring fear upon him, otherwise they would do nothing against him. I am speaking from my former experience in the deepest world of the occult, esoteric and witchcraft manipulations.

In the world of darkness then, if the need arose for us to attack someone with great sickness (or any other plan of the enemy), we would first seek to know the fear-element of the person – the very thing that brings fear into his mind. This can be discovered via astral projection and other related arts of the occult. If we discover nothing of fear after searching the persons consciousness, then it would be concluded that the person has no part with the projected sickness, or whatever plan of the enemy that was designed.

If in the process of searching your consciousness, however, the powers of darkness discover an element of fear in you, they will in turn use the fear-technique to manipulate you. In other words, they will use the fear-technique to launch the fear-element into your private spiritual orbit. This is done in diverse ways via occult and astral manipulations.

For instance, if you are one who is afraid of dog, then dog is your fear-element. Consequently, and in an attempt to manipulate you, an advanced witch, wizard, or master of the occult can construct a psychic experience of

dream, in which you may see dog or dogs fighting you in the dream.

If the attack of the enemy designed against you is sickness, for instance, then the main purpose of this dream is to bring you under the power of fear to enable them launch the sickness itself into your life. Whatever it is – sickness, accident, bad luck, lack etc. – the main purpose of this dream is to subject you to fear so that their evil plan will pass through the fear and be actualized in your physical life.

If you are strong in the power of Jesus Christ, the psychic entities appearing as dogs in your dream can never harm you – as a matter of fact they will even flee from you. But if you are weak in spirit, the worst that would happen is that you are maimed or probably killed by them. But the whole dream experience is for them to bring fear into your mind. Without this fear, nothing will happen to you physically. Fear in your mind is all they want. Therefore, even if you were killed by dogs in the dream, when you wake up don't be afraid.

When you wake up from such a dream, or any related evil dream, simply pray to the Lord and say:

“Thank you Lord Jesus Christ, for by your Blood I have conquered the enemy. I am free in the mighty name of our Lord Jesus Christ.

By your power, O my Lord, this dream has no part with me, now and for ever – Amen.”

Say this prayer and believe it. Don't be afraid but go your way for all is well with you. But you may fast that day (6 a.m. to 6 p.m.). If you do this, that will be the end of that evil plan of the enemy which the bad dream was designed to achieve.

However, if you wake up from such a dream and become afraid, you are by so doing drawing the evil plan of the enemy closer to yourself. If the plan was sickness, as earlier stated, your fear will help it to come to pass. If you pray against the dream in the morning, yet in the afternoon or in the night you remember it again with fear in your mind, or you pray and fast for several days against the dream while the spirit of fear still remains in your mind; I tell you the truth, you will not overcome!

You may go to your pastor to pray and cancel the same dream; and when another man of God comes with greater anointing than your pastor, you still go to him for prayers against the bad dream because of the fear in you of how you were maimed by the dogs. If you do all these with the spirit of fear in you, don't be surprised that the sickness as designed by the powers of darkness may still come upon you.

Even if you fast and pray for ten years with the spirit of fear in you, you can not overcome the powers of darkness. Even if you call upon the name of Jesus, or

sleep on top of the Holy Bible, but the spirit of fear is in you, you can not overcome the powers of darkness.

The fear in you that led you to prayer upon prayer on the matter of the bad dream is what the powers of darkness want to achieve. If the fear leaves your mind even after a minute of prayer, then all is well with you. But if fear still remains in you, after all the prayers and fasting, the powers of the enemy may prevail.

The powers of darkness thrive where there is an element of fear. Therefore even if an evil entity manifests before you with ten or more heads, it is just a psychic camouflage designed to bring fear into your consciousness. Without fear in you, the enemy can not prevail against you. And it is only when you have the Spirit of Christ in you that you can live completely above the entities of fear.

QUESTION 2: Is it true that a child of God can be destroyed by the forces of darkness?

PRINCE KWARTENG

Tema, Accra, Ghana.

IYKE NATHAN UZORMA: Saint John wrote to the children of God, saying: *“Ye are of God, little children, and have overcome them: because greater is he that is in you, than he that is in the world”* (1 John 4:4). This means there is something in you, and there is something

in the world. But He who is in you is greater, if you are a child of God.

The greater in you and he that is in the world are in a spiritual warfare, they are in constant battle. Nevertheless, we are on the path of sure victory – because greater is He that is in you. Thus a child of God can never be destroyed by the powers of darkness.

He said: *“Ye are of God”*. Do you understand what this means – to be of God? It means that you are a bonafide citizen of the universe. This means that your spirit is free and can never be conquered in the land, air and sea and even in the dream world. You are of God whilst every creature – fire, snake, thunder, poison, demons etc – are made to bow at your feet! Have you considered the importance of this fact?

We are in a spiritual warfare.²⁹⁹ The war is still on, it has not ended. If you don't recognise this, if you don't believe this, you are deceiving yourself. I am telling you that there are more than the eyes can see. I am a personal witness of the fact of the existence of the powers of darkness. And now when I also speak of the Power of God, the Power above powers, the Power of our Lord Jesus Christ, I do so from my personal experience – I speak in this connection not only of what I believe but also of what I know. I know that the Power of Jesus Christ is real.

QUESTION 3: You were spiritually ordained “Living Grand Master of the Order of Astral and Terrestrial Hierarchy”. What organisation is that?

BBC RADIO

London, United Kingdom.

IYKE NATHAN UZORMA: The Order of Astral and Terrestrial Hierarchy is an inter-planetary secret organisation of spirit beings and their principal human agents. There are different inter-planetary societies which some secret cults, religious movements and fraternities represent physically on earth. An inter-planetary secret organisation is a society existing in diverse planets, zones and regions of the spirit-world.

For instance, the order of Vairagi is also an inter-planetary secret society responsible for the physical and spiritual training and manifestation of a principal cosmic human agent in the spiritual degree of Mahanta – The Living ECK Master. There have been 973 Mahantas in the earthly history of the Order of Vairagi. It may be recalled that Paul Twitchell of the United States was the 971st Mahanta and Living ECK Master in the Order of Vairagi, and he founded the Eckankar society on earth. In other words, the Order of Vairagi as a secret inter-planetary organisation gave birth to a physical society known as Eckankar through her principal human agent.

Another inter-planetary secret organisation, is the Cosmic Brotherhood of Space Masters. Sri Yogiriji George King of England, founder of The Aetherius Society, served as the highest human agent of this inter-planetary cult. Thus, the Cosmic Brotherhood of Space Masters, whose spiritual headquarter is in the Venus planet, set-up The Aetherius Society on earth through George King.

The Great White Brotherhood, which gave birth to the Rosicrucian Esoterism that sustains the AMORC society on earth, is also a leading inter-planetary organisation. The Divine Light Mission of the Maharaji Ji Power, the International Society for Krishna Consciousness, the Grail Movement of Abd-ru-shin, the Research Bureau of the Twilight Zone, the Aquaria Mystic Order, the Ananda Marga Yoga Society and the Eastern Order of Sacred Mystery, to mention but a few, all are different societies on earth sustained by larger extra-terrestrial organisation of psychic entities of the higher planetary systems.

Now, the Order of Astral and Terrestrial Hierarchy is a great and inter-planetary secret society in which I served as the highest human agent, when I became the Living Grand Master in July, 1989. Consequently, I established a secret society on earth known as the COMANS Order, which became the ultimate channel for the physical manifestation of the metaphysical powers of the

Ascended Masters of the Order of Astral and Terrestrial Hierarchy.

QUESTION 4: In most of your books, you usually inscribe on the front cover – “Former Occult Grand Master Now in Christ”. Is this still necessary in view of the fact that you are now a man of God?

LT. GEN JOSHUA DOGONYARO, (rtd.)
Former Chief of Defence Staff, Nigeria.

IYKE NATHAN UZORMA: It is said that the person on top of a palm tree is in a better position to say whether the palm fruit is ripe or not. The expression: Former Occult Grand Master Now in Christ, found on the cover of most of my treatise, is made specially for the attention of unbelievers, specifically to those involved in the occult and esoteric crafts.

Testimonies abound from different parts of the world of how the Spirit of God has brought many occultists to Christ after reading my books. They understand what it means and what it takes for one to become a grandmaster and an avatar of the esoteric system. Many of them are far below this level, and are thus easily converted to Christ via the testimony of my direct encounter with the Power of God. Often their point of attraction towards my works is the expression of my former occult mastership as well as my present stand on the Power of Jesus Christ.

QUESTION 5: In your book – THE GREATEST REVELATION OF OUR TIME VOL. 1 – you wrote of your spiritual experience with the Lord and how He appointed you Harbinger of the Last Covenant. What is the spiritual significance of this title – Harbinger?

STEPHEN P. OSWALD
Brooklyn, New York, U.S.A.

IYKE NATHAN UZORMA: The Harbinger of the Last Covenant is by the divine grace and making of the Lord, the Prophet of God. He is empowered to hold the key of Power in this era, of course like any other child of God. The Harbinger may or may not be recognized for what he is in earthly terms, but surely the key of the Highest Power of the Almighty God is with him. There are men of God made by God, and there are men of God made by men.

My mission on earth as Harbinger of the Last Covenant is not because I am righteous than other men of God. This is the Will of God, as my role in the drama of the great life. Remember that John the Baptist was the Harbinger of his time. Yes, the Harbinger of the Last Covenant is a human being like any other person, but more than that, he is recognized in spirit as a great sign to the earthmen of something that will bamboozle the world of man in the hour of fulfillment.

Part of our problem is ignorance, and this is the basis by which we know people only in the flesh. The Scripture has admonished that “*Wherefore henceforth know we no man after the....*” (2 Cor. 5:16). It is because we are daily busy with the gratification of our gross material nature that we have forgotten that there is a portion of us – greater portion – that is eternally valid and has its experience on a system of reality completely beyond the world.

Ἰ ΠΙΣΕ ΤΟ ΔΕΦΕΝΔ

People should be recognized not only in the flesh. Remember that John the Baptist was the son of Zachariah in the flesh but in spirit he was Elijah (Elias) the prophet.

“Behold, I will send you Elijah the Prophet before the coming of the great and dreadful day of the Lord”

– Mal. 4: 5.

“And his disciples asked him, saying, why then say the Scribes that Elias (Elijah) must first come? And Jesus answered and said unto them, Elias truly shall first come, and restore all things. But I say unto you that Elias is come already, and they knew him not.... Then the disciples understood that he spake unto them of John the Baptist”

– Math. 17:10-13.

QUESTION 6: As one of the world leading masters of esoteric power in the past, how come you now stepped down to preach Jesus Christ?

J. G. EGUEGU

The Orhigo (High Chief) of Okpe Kingdom, Sapele, Nigeria.

IYKE NATHAN UZORMA: Sincerely speaking, for the Almighty God to call me into His Kingdom to preach the gospel of Jesus Christ, is the greatest thing that has happened in my life. I see this most truly in the light of spiritual elevation. I know that I did not step down, rather I am lifted up, beyond the realm of the occult, by the Spirit of God to preach Christ. I want people to understand that the greatest manifestation of occultic and esoteric powers is far below the smallest dimension of the Holy Spirit. I have experienced both sides and I speak on the strength of what I know.

QUESTION 7: Can you analyse and expose the degree of the Power of believers in Christ and that of those in mystical, religious and esoteric movements? This is very important to enable us know where we stand, because sometimes we see esoteric adepts manifesting powers than those that do go to Church.

TOM O. HARVEY

Rowlett, Texas, U.S.A.

IYKE NATHAN UZORMA: When Christ said: *Behold, I give unto you power*” (Luke 10:19), what kind of power did He give? First of all, it is important to understand that there are three major aspects or kinds of power in the universe. They also correspond with the three major systems of reality, of all the realms of existence. Furthermore, these correspond with the tripartite nature of the earthman. 295

It is said in the Scripture that man has body, soul and spirit: “... and I pray God your whole spirit and soul and body be preserved blameless unto the coming of our Lord Jesus Christ” (1 Thess. 5:23). There are three major aspects of power that man can possess and manifest, according to his three major aspects of existence. These include the:

- i. Physical Power
- ii. Metaphysical Power
- iii. Spiritual Power

The body of the earthman operates in the realms of the gross material power (physical power) within the physical system of reality. The human soul operates in the realms of subtle power within the metaphysical system of reality. (The soul, however, includes the mind, the dream-body and other related subtle bodies). While the human spirit operates in the essence of

multidimensional power within the spiritual system of reality.

I will soon analyse the three major aspects of power, so that you may recognise the power with which the believer could tread on “serpents and scorpions”, as set forth by our Lord Jesus Christ. But we have to understand that all these powers are available for man here and now.

This exposition will also enable you comprehend the level of your power, that is the particular aspect of power under which you are now operating. Let no one deceive himself and claim to be what he is not. Therefore if you discover in reality, that you are below on the strata of the true Power of the Lord, the power which He gave, you can still rise in the strength of His Spirit and come to the path of the Highest Power.

Simply stated: physical power is very much below metaphysical power in all aspects of operation. To this end, one on a higher dimension of metaphysical power can completely dominate or control one operating solely on the level of the physical system of power.

Furthermore, the metaphysical power is far below and absolutely minute as far as spiritual power is concerned. The Spiritual Power is the Power of the Lord. This is the Power far above all powers. It is with this power that we

can completely overcome all the powers of darkness in the field of spiritual warfare.

You may think that you have the true Power of the Lord. But be informed that your thinking is not enough in this connection. Do you truly possess the pure Spiritual Power of the Lord God Almighty? I mean do you possess this power in practical demonstration? You will find out as we continue.

THE PHYSICAL POWER

The physical power has many units of itself available for man within his physical system of existence. But let it be emphasized that no earthman can overcome the powers of darkness (serpents and scorpions) even with the multitude of physical powers found in the world of man.

This is so because the subtle powers used by the Prince of Darkness and his proclaimed wicked spirits against the children of men, operate on a level far beyond the totality of all the powers operating solely within the physical system of reality. But in the physical system, however, the earthman can uphold, manipulate, or manifest certain units of power inherent in the physical world of gross matter. Now let us consider few of the several units of power in the world of man.

Strength: The human strength is a unit of power within the physical system of existence. Now, all men are not on

the same degree of strength. You may manifest higher or lesser degree of strength, because it is given to the earthman to manifest diverse degree of physical strength. Nevertheless, no amount of physical strength in you can overcome the powers of darkness. Thus, this is not the power which the Lord gave us in this connection, when He said, "*Behold, I give unto you power*".

The Scripture says: "*it is not by strength that one prevails*". (see 1 Sam. 2:9, New International Version). If you rely on your human strength in the field of spiritual warfare, you will surely be defeated. Because a little astral entity can knock you off – then you are gone! Again it is written: "... *not by might, nor by power, but by my Spirit, saith the Lord of hosts*" (Zach. 4:6).

Material Wealth: Material wealth (money) is another unit of power within the physical system of reality. One who has riches in earthly terms, could possess and manifest great opulence of material power. But it is evident that no amount of financial power can deliver an earthman from the manipulations of the Prince of Darkness.

I am saying this categorically because I was highly involved in occult and esoteric manipulations. It is true that with financial power, or material wealth, you can do many things in the physical world. Yes, with material wealth you may even reach the highest degree of temporal enjoyment and gratification of the material

senses, so that when you call one, three or more will answer. There is no doubt about this.

Nevertheless, if you are outside the perfect righteousness of our Lord Jesus Christ, then you are invalid in the light of the invisible warfare going on in this world. Often some people think that when one has great riches and material wealth, it means he is “rich in heaven”. This is a wrong thinking in the light of the Scriptures. The truth is that if you have material wealth without the Holy Spirit at the centre of your life, then you are spiritually poor and blind. Listen to the Words of the Lord:

“Because you say: I am rich and have acquired riches and do not need anything at all, but you do not know you are miserable and pitiable and poor and blind and naked. I advise you to buy from me gold refined by fire that you may become rich, and white outer garments that you may dressed and that the shame of your nakedness may not become manifested, and eyesalve to rub in your eyes that you may see”. (Rev. 3:17,18, New World Translation of the Holy Scriptures).

Political Authority: Political authority is also a major unit of power exercised by the earthman in the physical system of reality. To this end, a President or Prime Minister of a country has higher degrees of political

power. But no amount of political power can overcome the games of the Prince of darkness? Surely this is not Power with which we can overcome the forces of darkness. For no amount of political power can deliver the earthman from the manipulations of “serpents and scorpions”.

Judicial authority: What about judicial authority? A Judge, for instance, has the judicial power to imprison his fellow man or even condemn him to death. But a judge can not command an evil spirit to flee on the strength of his judicial power. For powers of darkness to flee from you, you need something more than judicial power.

Electrical Power: This is one of the greatest units of power found in the physical system of reality. The earthman has done several things in this world via the use of electrical power. And sincerely speaking, the influence of this power is overwhelming. Yet the children of men can not tread on serpents and scorpions. as spoken by Christ

Ἰ ΠΙΣΕ ΤΟ ΔΕΦΕΝΔ

Nuclear Power: Again, I am sure you are aware of the potency of nuclear energy. It is said that, in terms of destruction, this is the highest power found in the physical system of reality. Nevertheless, it is absolutely evident that no amount of nuclear power can enable the earthman destroy the invisible powers of darkness.

Now, there are still other units of power found in the world of man. But each and every power exercised by the earthman in the physical system of reality, are invalid in the light of the power set forth by Christ, with which the believer can tread on all the powers of darkness. The power spoken of by Christ is THE SUPREME POWER. With this Power, the believer is on top of all the powers in the universe. With this power also, you can decree and decide what happens in all realms of physical and metaphysical powers.

THE METAPHYSICAL POWER

The metaphysical power is a subtle power that lies beyond the realm of all units of physical power. Within the three systems of power – PHYSICAL, METAPHYSICAL and SPIRITUAL – the metaphysical power is the immediate power beyond the physical system of reality.

Some people, who are established within the metaphysical system of power, are wrongly of the thought that they are great champions in the realm of Spiritual Power. But in reality they are far below the realm of Spiritual Power.

There are even some members and officials of the church who are also involved in this wrong thinking. To some people, however, any power beyond the physical system of existence is “spiritual power”. But this is not true.

Because there are different units of power found within the metaphysical dimension, yet they are all far below the true realm of Spiritual Power. And all the metaphysical units of power are summarised in five headings. In other words, there are five major kinds of power within the subtle or metaphysical system of reality. They include:

- i. Mental Power
- ii. Emotional Power
- iii. Psychic Power
- iv. Occult Power
- v. Esoteric Power

Now, let me briefly speak on these five metaphysical units of power, to guide us towards the recognition of the reality of the level of power wherein each of us is presently established. I want us to examine these units of power for each man to know whether he is operating within or beyond the realm of metaphysical consciousness. 303

Mental Power: The mental power is the lowest unit of power within the metaphysical system of reality. The mental power includes the use of higher retentive memory, the ability to remember and think fast, the ability of profound mental speculation, as well as the use of higher logical analysis, to mention but few.

One may be highly advanced in the realm of mental power, but no one can tread on “serpents and scorpions” even with the highest degree of mental power. This is so because “serpents and scorpions” (powers of darkness have their realm of existence beyond the mental level of recognition.

There are some of us today who are highly advanced in the realm of mental power, but are still bereft of the Power spoken of by our Lord Jesus Christ. For instance, some of us on the mental level may use the mental power to memorise several chapters and verses of the Holy Scriptures, and often use same in our preaching and prayers. This is good! But if you don’t have the Spirit of Christ in you, (the Spirit of the Holiness and righteousness of the Lord God Almighty), then you can never overcome the Prince of Darkness even with multitude of Scriptural verses in your head.

For further example: a church “pastor” operating solely within this limited realm of mental consciousness, may preach and profoundly analyse the workings of the Great Power of the Almighty God which manifested through Moses, Daniel, Paul and many others, yet the same “pastor” can not manifest this Power because he is on a lower strata of power.

Consequently, there are many proclaimed “men of God” who can preach and teach others about the limitless Power of the Almighty God, but who, nevertheless, can do little or nothing as far as this practical aspect of

manifesting and demonstrating the very Power is concerned. The Preaching of the Gospel on the mental level can not bring healing, true salvation, deliverance, spiritual victory and righteousness. But the preaching of the Gospel on the platform of Spiritual Power brings these and much more.

“And Jesus went about all the cities and villages, teaching in their synagogues, and preaching the gospel of the kingdom, and healing every sickness and every disease among the people”

Ι ΠΙΣΕ ΤΟ ΔΕΦΕΝΔ

When you speak to the children of men about the kingdom of Heaven on ³⁰⁵the platform of Power as demonstrated by Jesus Christ, sickness and disease will be wiped off. But if you do so on the platform of your mental power, nothing will happen in this connection. Our Lord Jesus Christ preached on the platform of the Highest Power, which is Himself, thus he was able to heal every sickness and every disease among the people. This is what we are expected to do when we are strengthened by His Spirit.

Furthermore, a believer who lives in the limited essence of mental power, follows a systematic process in all matters of transcendental reality and spiritual existence. This process, however, is misleading. This is because

spiritual or transcendental reality is multidimensional and not systematic. The systematic approach therefore is the outcome of mental recognition.

To this end, you may be a Bishop, Pastor, Archbishop, Pope, Deacon, Evangelist, Elder, among others, but if you are on the mental level, you are not better than the priests who lived in spiritual blindness and ignorance during the earthly mission of our Lord Jesus Christ: and surely you will fail in the field of spiritual warfare. There is no way you can overcome the powers of darkness if you are on the mental level of power.

Emotional Power: The second unit of power within the metaphysical system of reality, is the emotional power. It is said that the kingdom of God is not a matter of much talking, but of practical demonstration of power. However, the believer on the emotional level also belongs to the group of much talking without power. Though the emotional level is higher than the mental level, yet the emotional power, no matter how great, can not tread on “serpents and scorpions”.

Now, a believer operating on the level of emotional propensity of metaphysical power, is like a big gun that makes much noise but has no single bullet. The bullet in this connection is the Power of God that is mighty through Christ for pulling down the strongholds of the Prince of Darkness. THE BULLET is the POWER that KILLS the ENEMY. Without this “bullet”, you may make great noise, but you can not prevail in the field of

spiritual battle. Are you a “big gun” without God’s Power? Think about this!

Furthermore, it is important to note that the influence of emotional power on a believer, during his personal worship of God or while he worships in the midst of the congregation of the children of God, may lead him to sweet talks and illusory phantasmagoria. These he may further consider in his wrong thinking to be the Great Power of the Almighty God. Again he may even manipulate his voice during this period and “speak in tongues”, via the influence of this emotional propensity. But when this is done, he still submits to the wrong thinking that the Holy Ghost has come down, or has come upon him.

Nevertheless, the difference is very clear. The Holy Ghost Power is Absolute and forever beyond the little emotional unit of the human consciousness. The Holy Ghost is the consummate Supreme Potency of the Godhead which is Omnipresent. But the emotional power operates via a faculty of the mind of the earthman.

When the Holy Ghost comes down to operate through you or upon you, there are diverse and specific manifestations of the glorious Power of the Living God Jehovah via the mighty name of the Lord – JESUS CHRIST. The Holy Ghost brings solution to every human problem. But when the emotional power is in

control, surely great noise will be made but you will return home without practical solution – empty !

It is true, however, that some believers “speak in tongues” under the influence of emotional power, while some do so under the influence of the Holy Ghost. Those who do this via the emotional propensity know it. This is because they are consciously involved in manipulating their tongues in this regard. But those who are overwhelmed by the Holy Ghost to speak in tongue, are not involved in this conscious manipulation.

Now, those highly established in the realm of emotional power, may even “cry” during the period of their personal or congregational worship of the Lord; they may even “repent” of their sins in the mode of crying via the emotional propensity. But when the emotional power expires after few days or weeks or months, they return back to their sin. This is because the power that impelled them to “cry” and “repent” is the limited emotional power and not the limitless power of Christ.

Sincerely speaking, some people who claim to be true believers today, operate under the level of emotional power of the mind. Again there is no way one can overcome principalities and powers of darkness via the use of emotional power. Because the Prince of Darkness and his empire of wicked spirits operate beyond the realm of emotional consciousness within the metaphysical system of reality.

Psychic Power: The psychic power is the third unit of power within the metaphysical system of existence. The psychic power is higher and stronger than both the mental and the emotional units of metaphysical power. This power manifests in diverse forms. The psychic power can manifest in man and other creatures via a process set up by the³⁰⁹ Almighty Creator. This very psychic power can also be corrupted to manifest via a process initiated by the manipulations of the powers of darkness.

To this end, within the hierarchy of the powers of darkness, there are principalities and powers (“serpents and scorpions”) operating as “psychic entities”. The psychic entities therefore are the spirits advancing the use of psychic power for the promotion of the crafts and devices of the kingdoms of darkness, or otherwise.

The truth remains, however, that psychic power can be used either for good or evil. It can be used for good through the natural or the normal process set up by God. It can also be used for evil through the abnormal process caused by the manipulations of the forces of darkness.

For instance, intuition is a natural psychic power planted in the human consciousness by God, to enable us know or realize certain things without thinking it out. May be some one is coming to see you without you knowing of it. But before he knocks at your door, you had a sudden

realization that some one is coming to see you. That is intuition. It is a natural psychic power which the Creator God planted in man for good. When one is pure in Christ, his intuitive faculty works solely to the glory of God. But if one is an agent of darkness, his intuitive faculty works to promote the crafts of the wicked spirits.

For further example: some roots and herbs contain substance of psychic power which, when refined, become drugs, such as tablets and injections used to cure or prevent an ailment. This substance of psychic power, however, is naturally planted in such roots and herbs by the Creator God. There is also a natural psychic power planted by God in water, sand, oil, wave, winds, lightning's stroke, sun-rays, the human eyes and thunder, to mention but a few, which operate for good, but may also operate for evil when contaminated by the powers of darkness.

Now, the art of physiognomy, palmistry, noetism, shadow-reading, graphology and geomancy, are some of the units of subtle manipulations of transcendental powers via psychical research. (In the past I was an adept of Psychical Research and Noetic Sciences.) The aforementioned psychical units are mostly worked out via esoteric powers.

I have earlier stated that psychic power is greater than both the mental and the emotional units of metaphysical powers. To this end, an agent of darkness with psychic

Ι ΡΙΣΕ ΤΟ ΔΕΦΕΝΔ

power can bring harm to a person on the mental or the emotional level. It was even reported recently how thunder killed a certain "churchman" inside a church in Warri, Nigeria. That "churchman" surely was bereft of the power required via the Blood of Christ. He was merely a member of a church, and not a member of the movement of the limitless Power of Jehovah God operating via Christ, hence he was killed by agents of darkness, who utilized the psychic force of thunder via the manipulations of the Prince of Darkness.

Occult Power: The occult power is the next unit of power beyond the psychic level within the realm of metaphysical powers. The occult power in its totality, however, is purely a negative power of darkness. One can naturally manifest some degrees of mental, emotional and psychic powers without being an agent of darkness. But one can not possess or manifest any degree of occult power without being an agent of darkness.

When our Lord Jesus Christ spoke of "serpents and scorpions", He was speaking of all the powers of darkness mostly concentrated for evil within the occult unit of metaphysical powers. In the past, I used psychic, occult and esoteric powers in diverse ways.

In the past also, I possessed and utilized greater degree of occult power in the circle of grandmasters. Even at the age of fifteen, I used occult power to completely influence and control others, see physically without my

eyes, vanish into the air when necessary, read sealed letters, bend a strong iron via the projection of my eyes, project (transfer) myself and live briefly inside another human being, among other feats.

Now, witches and wizards, operating within the hierarchy of any of the four major units of witchcraft spirits (Black, White, Kali, Abra Melin), are custodians of higher occult power. In the past also I was a Master of the hierarchy of the witches of Abra Melin operating at Gobi desert near Afghanistan. (See the book: HOW TO COMPLETELY OVERCOME WITCHES AND WIZARDS AND ALL THE POWERS OF DARKNESS, by Iyke Nathan Uzorma).

Please be warned: if you are a “believer” on the mental level, or you are a “believer” highly involved in the realm of emotional power, without the endless Power of the Lord, you can not overcome occult power in the field of battle. You can not run beyond your shadow. You can not use what you don’t have.

To this end, you need something higher than the occult power and all the units of metaphysical powers. And not just a higher power, but the POWER which is the HIGHEST. Yes, the Highest Power is here now. I am speaking of the true Power of Jesus Christ. You need the Power in the Blood of Christ: surely this is the Supreme Power!

Esoteric Power: The esoteric power is the last and the highest unit of metaphysical powers. This is the most concentrated power within the hierarchy of all the astro-metaphysical systems. The esoteric power is greater than the occult power. This is the invisible power directly exercised by the Prince of Darkness the mighty spirit beings of the realms beyond, controlling deities (prince) of nations, arch spirits, spirits in the order of ascended masters, higher disembodied entities of the realm of darkness and space masters, to mention but a few.

Furthermore, the esoteric power is the very power used by all the principal agents of the “Cosmic Forces” operating on earth as “avatars”. The avatars are human beings whilst each is empowered to proclaim himself a “Godman”. In the past I also served as avatar via the command of the “Cosmic Forces.” Presently there are more than twenty avatars on earth.

In this world of man, the esoteric power appears to be very great and highly potent invisible power. Consequently, the esoteric adepts, grandmasters and avatars use this power to manipulate the children of men and lead them astray via diverse channels and means. This esoteric power is the principal power that coordinates all the units of metaphysical powers for the promotion of the crafts and devices of satanic kingdom.

It is true also that esoteric power of the metaphysical system of the Prince of Darkness can duplicate some of

the things done via the Supreme Power of the true Lord of the Universe. But the esoteric power has a limit to which it can go in this regard. Nevertheless, the Power of the Godhead is unlimited in eternity.

As such, in the light of the Supreme Power of the Sole Ultimate Reality, as revealed to us via Our Lord Jesus Christ, the esoteric power is completely invalid. To the earthman, the esoteric power is great. But in the Presence of Jesus Christ, the esoteric power can not exist – it must disappear and fade away. All powers in the universe are forever below Christ, for it is written:

“For by Him (CHRIST) were all things created, that are in heaven, and that are in earth, visible and invisible, whether they be thrones, or dominions, or principalities, or powers; all things were created by Him, and for Him”

Ἰ ΠΙΣΤΕ ΤΟ ΔΕΦΕΝΔ

- Col. 1:10.

THE SPIRITUAL POWER

315

The Spiritual Power is surely the Power above powers. This is the Highest Power. It is the last Power. This is the Sole Ultimate Power proceeding directly out of the throne of the Godhead. This is the Power which Christ gave us when He said:

“Behold, I give unto you power to tread on serpents and scorpions, and over all the power of the enemy: and nothing shall by any means hurt you.”

When the Spiritual Power of the Lord God Almighty is upon you, you are far above the element of darkness and nothing in the universe will hurt you. Again, when this Almighty Power is in operation, everything must bow. The Prince of Darkness, with his principalities and powers, must flee from the rays of the Light of this Power – which is Christ.

Now, the Angels of God, the Arch-angles, the Living Creatures, the Ancient Ones (elders) and all the Might invisible Beings operating in the essence of the Holy Spirit, have diverse levels within the multidimensional Power of the spiritual system of the Almighty God. The children of God on earth also have diverse degree or levels of anointing within this realm of God’s Power.

Nevertheless, no matter your degree of anointing of the Power of God, whether great or small, all the powers of darkness must bow to you. The smallest anointing of the Power of God is greater than the greatest power of the realm of darkness. Therefore when one who proclaims Christ is afraid of witches, poison, demons and other elements of darkness, such a person truly does not believe in the limitless Power of our Lord Jesus Christ, and he has not experienced the Supreme Power that I am talking about. The Power of God is Omnipresent, and by

this Power the entire creation is daily sustained. A true child of God is a channel through which the Power of God operates.

“And these signs shall follow them that believe; In my name shall they cast out devils; they shall speak with new tongues; they shall take up serpents; and if they drink any deadly thing, it shall not hurt them; they shall lay hands on the sick, and they shall recover”

- Mark 16:17,18.

POWER: METAPHYSICAL VERSUS SPIRITUAL

When you study the Holy Scriptures, you will discover the constant conflict of spiritual and metaphysical powers. You will further discover that spiritual power (THE POWER OF GOD) has always prevailed in each and every conflict. For instance, in the days of Moses, the great servant of God, the superiority of Spiritual Power over all the metaphysical powers of Egypt was evident and irresistible.

The Power of the Living God Jehovah was demonstrated in Egypt through Moses at a time when a great avatar of esoteric power also lived in Egypt. This avatar, known as and called Gopal Das, was worshipped as the “Mahanta” of his time. (Mahanta means “Godman” or “the

manifestation of God”.) His name (Gopal Das) is of the Sanskrit India whilst he lived in Egypt.

It is said that Gopal Das lived on earth for more than five hundred years. He did not marry neither did he begot children. As a matter of fact, he was reported to be a great spirit being that took a human form and lived in the world of man, and he lived without an earthly father and mother.

Now Gopal Das is recognised (worshipped) in the ancient Order of Vairagi of the Himalaya Mountains of India as one of their Ascended Masters. It was this Ancient Order of Vairagi that brought the Eckankar society to the general public through Paul Twitchell of USA, who was spiritually trained by the entities (spirit beings) operating as “The Nine Silent Ones” under the guide of master Rabazar Tarzs. This Rabazar Tarzs, who is presently on earth, has also lived for more than five hundred years both at the Himalaya Mountains and Agam-Des in Tibet.

Presently Gopal Das is in the astral realm – the first psychic Kingdom of the air. There he is incharge of a mystery school, or esoteric training centre, known as The Temple of Golden Wisdom. This secret temple of the metaphysical system houses the “Fourth Section of the Shariyat-Ki-Sugmad”. Higher students of esoteric mysteries on earth do go for studies in this mystery

school especially in the night, via astral projection or soul travel, under Gopal Das.

In the land of ancient Egypt, Gopal Das was the “Hidden Godman” worshipped by all the Pharaohs of his time. Through him different crafts of the esoteric consciousness flourished and prevailed among the Egyptians. The Masters of Vairagi of ancient India, Egypt and Tibet, knew that Moses lived on earth at the time when Pharaoh was the foremost secret disciple of Gopal Das, who then lived in a cave.

This being (Gopal Das) also trained several adepts and masters of psychic, occult and esoteric mysteries, who served the king of Egypt (Pharaoh) as “wise men”. Among these wise men include highly advanced magicians, sorcerers, astrologers, necromancers, wizards among others. To this end, Gopal Das was the “god” of Pharaoh. He was the manifestation of the highest esoteric power. But what happened when the metaphysical powers of Gopal Das and all the powers of Egypt met with the Supreme Power of the God of Moses?

MOSES AS THE GOD OF PHARAOH

When the Lord God Almighty called Moses, He also told him: *“See, I have made thee a god to Pharaoh; and Aaron thy brother shall be thy prophet”* (Exo. 7:1). Pharaoh was already used to the concept and worship of “man as God”. Gopal Das was a God made for Pharaoh

and all the Egyptians by the hierarchy of the highest esoteric power. And the Living God also set forth Moses as a god to Pharaoh. This brought forth one of the greatest battles of spiritual and metaphysical powers in the world of man, to show the Power above powers.

At first when Moses spoke to Pharaoh in the name of the Living Almighty Jehovah, Pharaoh derided the true Lord because he thought that no power in the universe is beyond the esoteric power of the Egyptian avatars, adepts and grandmaster. Pharaoh categorically told Moses at the initial stage:

“... Who is Jehovah, so that I should obey his voice to send Israel away? I do not know Jehovah at all... (Exo. 5:2, New World Translation of the Holy Scriptures.)

Encounter of Power: As Moses stood before Pharaoh, he used the Highest Spiritual Power to perform miracles. But the occult and esoteric grandmasters (wise men) of Egypt also duplicated some of the miracles of Moses via their highly concentrated metaphysical powers. Then Pharaoh and the people were bamboozled. Which one is the true power? Who hold the Highest Power above powers? Some people may have wanted to know. Moses and his “prophet” Aaron were there. The magicians were there also. The King of Egypt was watching. The Jews then may have wanted to witness the Power of the very God that sent Moses. The Scripture says:

“And Moses and Aaron went in unto Pharaoh, and they did so as the LORD had commanded: and Aaron cast down his rod before Pharaoh, and before his servants, and it became a serpent. Then Pharaoh also called the wise men and the sorcerers: now the magicians of Egypt, they also did in like manner with their enchantments. For they cast down every man his rod, and they become serpents: but Aaron’s rod swallowed up their rods”

321

- Exo. 7:10-12).

The Serpent of Serpents: Here was a practical demonstration of spiritual and metaphysical powers, to decide which is which; to prove the Power above powers. On one side was Moses and Aaron operating with the Supreme Spiritual Power of the Living God whilst on the other side were the great wizards, sorcerers, grandmasters and magicians of Egypt with the highest powers of the occult and esoteric systems.

The rod of Moses, which he gave to Aaron, changed and became a strong serpent in the presence of the king of Egypt. This was done by the limitless Power of the true Lord: the Highest Spiritual Power of God was in motion and the rod became a serpent. Then the magicians came. They were not charlatans or imbeciles in art of the

manipulation of psychic, occult and esoteric powers. Rather they were bonafide masters and grandmasters in this regard.

Consequently, and by virtue of the multitude of their metaphysical powers, the rods of the magicians and sorcerers also changed and became serpents. It was now one serpent versus many serpents. Pharaoh was watching. He knew that the strong must overcome the weak. At this point the superiority of the Living Power of God prevailed, for the rod of Moses became the supreme serpent of serpents. Then the rod of Moses swallowed up all the rods of the wise men of Egypt. Praise God!

DUPLICATION OF SPIRITUAL POWER

The changing of the rods into serpents via spiritual and metaphysical powers was not the end, as the practical demonstration of powers continued. Exodus chapter 7 verses 20 and 22 added:

“And Moses and Aaron did so as the LORD commanded; and smote the waters that were in the river, in the sight of Pharaoh, and in the sight of his servants; and all the waters in the river turned to blood... And the magicians of Egypt did so with their enchantments...”

When this happened, (that is when Moses and the magicians turned water to blood), Pharaoh and those with him may have wrongly thought that Moses and the wise men of Egypt were operating on the same level of power. With their material senses, they could not comprehend that Moses and Aaron were operating in the infinite essence of the Power of the true God within the spiritual system, far above all the metaphysical powers of the proclaimed masters, grandmasters, wizards and avatars of Egypt. This wrong thinking was the more revived in them after the experience in Exodus chapter 8 verse 5 to 7. There we read:

“And the LORD spake unto Moses, say unto Aaron, stretch forth thine hand with thy rod over the streams, over the rivers, and over the ponds, and cause frogs to come up upon the land of Egypt; and the frogs came up, and covered the Land of Egypt. And the magicians did so with their enchantments, and brought up frogs upon the land of Egypt”.

This was yet another evidence of the duplication of the Power of God by the agents of darkness. But this duplication has a limit to which it can go. The Power of God is unlimited in eternity, whereas the powers of the psychic, occult and esoteric systems are minute and forever limited.

However, Pharaoh and his people saw the frogs manifested from the realms beyond by virtue of the invisible powers exercised by Moses and the Egyptian magicians. This was enough for them to conclude that the occult grandmasters, esoteric avatars, necromancers, sorcerers, wizards and magicians of Egypt will surely duplicate each and every miracle performed by Moses and Aaron. But what happened next? Listen:

“And the LORD said unto Moses, say unto Aaron, stretch out thy rod, and smite the dust of the land, that it may become lice throughout out all the land of Egypt. And they did so; for Aaron stretched out his hand with his rod, and smote the dust of the earth, and it became lice in man, and in beast; all the dust of the land of Egypt. And the magicians did so with their enchantments to bring forth lice, but they could not: so there were lice upon man, and upon beast”

- Exo. 8:16-18.

LIMITATION OF BOGUS POWERS

Pharaoh and the people of Egypt did not know that with the manifestation of frogs, the metaphysical powers of the wise men came to their wits' end and the limit to which they can go. Here the limitation of metaphysical powers became evident, for these powers could no longer

duplica
Moses.

Ἰ ΡΙΣΕ ΤΟ ΔΕΦΕΝΔ

God via

When the limited powers of the wise men of Egypt could no longer perform, the limitless Power of the Most High God continued even on a higher degree through Moses and his brother Aaron.

It is true that the magicians and sorcerers of Egypt tried all they could to bring forth lice with all their metaphysical manipulations, but they could not. Surely they chanted higher occult “mantras”, they invoked, they applied the highest esoteric techniques of their living avatar (Gopal Das), they projected and did all they could, yet they failed: *“And the magicians did so with their enchantments to bring forth lice, but could not”*. Again Pharaoh was bamboozled, he was bewildered, for the greatest esoteric power of his avatar (man – made – god) had failed. Then came forth the Power of God on a higher dimension and chastised even the agents of the occult and esoteric powers.

“And they (Moses and Aaron) took ashes of the furnace, and sprinkled it up toward heaven; and it became a boil breaking forth with blains upon man, and upon beast. And the magicians could not stand before Moses because of the boils; for the boil was upon the magicians, and upon all the Egyptians”

- Exo. 9:10,11.

The end of the highest invisible power within the metaphysical system of reality, was a mere beginning of the Supreme Power of the spiritual system of reality. The god of Egypt came to naught whilst Moses waxed stronger and stronger via the potency of Jehovah God and became a god to Pharaoh. The Power of God prevailed and plunged the magicians into predicament, through the painful boils that came upon them. From here the Power above powers waxed stronger to the extent that the whole Egypt was almost destroyed.

QUESTION 8: In your book (THE SPIRIT RELAM VOL. 1) you briefly spoke of how human beings are transformed into animals, and how the meat of such animals are used as elements of darkness to contaminate people generally. Please can you elaborate on this? Again, how can one possessed with such elements of darkness be delivered?

W. S. CHAPMAN
Cape Town, South Africa.

IYKE NATHAN UZORMA: In different parts of the world human beings are mysteriously transformed into animals whilst the flesh of such animals are in turn used to enslave people via divers elements of darkness. The occultic power with which a human being could be transformed into animal is called “Ai-Shrak”.

This evil power originated via the Abra Melin witches of the ancient Babylon, through an Abra Melin Grand Master called Tammuz. After the death of Nimrod, founder of Babylon (Gen. 10:8-10), his wife, Semiramis, had sexual intercourse with some spirit beings. Consequently, she gave birth to Tammuz, who was worshipped as “Lord and Saviour”. And through Tammuz different occultic powers came to the earth, including the power to change a human being into animal. Presently, this power is still operating on earth.

The moment you eat a human flesh in the form of animal meat, the forces of darkness will use same to contaminate and dominate your life. Now be informed that to a greater extent unknown to you, what you eat can go a long way to determine the level of your spiritual power. It may be recalled that some great prophets of old, (even Our Lord Jesus Christ,) were given specific instructions by the Spirit of God on the kind of food to eat while on earth, even before their birth.

By the grace of God, I have preached in many Crusades, Revivals and Seminars. And I have discovered by my experience in the course of such programmes that many believers and great men of God are ignorant of the fact that what Jesus Christ ate while He was on earth, was revealed by the Spirit of God before His birth. Hitherto, it is evident that many believers are not even aware that what they eat can either uplift or degrade their spiritual power, depending on the nature of the food. On the kind

of food that Jesus Christ ate while on earth, the Scripture says:

“Therefore the Lord Himself shall give you a sign; Behold, a virgin shall conceive, and bear a son, and shall call his name Immanuel. Butter and honey shall he eat, that he may know to refuse the evil, and choose the good”.

- Isa. 7:14-15).

When you recognise the ultimate spiritual essence of why Christ ate “butter and honey” in the world of man, you will begin to comprehend that what you eat can either uplift or degrade your spiritual consciousness , your power. Surely Christ is the Lord of the Universe, but when He disguised Himself as a man and came to save us, He needed to operate and uphold higher spiritual principles so as to completely overcome all the devices of the Prince of Darkness and thus show us the way of daily victory One of such principles include the kind of food He ate.

329

Why did Christ eat butter and honey? According to the Scripture, he did so *“that He may know to refuse the evil, and choose the good.”* The phrase, “to refuse the evil” in this connection, has to do with victory. If I refuse evil, then I have overcome evil. In other words, Christ ate butter and honey to enable Him overcome evil – refuse

the evil and choose the good. This was the principle which He set for Himself before His physical manifestation, under which He finally lived on earth. Remember He did not eat butter and honey for Him to be handsome or to accumulate material wealth, but solely *“that He may know to refuse the evil, and choose the good”*. This is very important. Truly, certain food can assist you to overcome the manipulations of the powers of darkness.

I have already told you that many people do eat human flesh transformed into animal meat, without knowing, and that the ultimate purpose of this is to contaminate and weaken the ‘earthmen. Do you know that some meat you buy in the market are human flesh?

There was a woman that went to a certain primary school in Nigeria and gave the pupils (children) some sweets to eat. This woman was a witch, an agent of darkness who wanted to contaminate the children and make them spiritual slaves. Many children ate the sweets, but one of them took his own sweet home and forgot it in his school bag. The next day, in the morning before he went to school, he remembered the sweet. When he brought it out, he found that the sweet of the previous day had changed into a human finger.

Things like this are going on in different parts of the world. That is why if you are not spiritually careful and prayerful on behalf of your children, the agents of

darkness can turn their eyes and may even use them (your children) against you. If you are not spiritually watchful, a witch related to you no matter how far he may be from you, or a witch nearer to your house, can use your child as a “torch-light” for the operation of witchcraft.

Prayerfully guide your little ones on this path of victory of the Blessed Lord Jesus Christ. Train your children to refrain from accepting edible items from people, no matter who. Let them refrain and learn how to say “no”. This is very important! A witch wanting to use anything edible to enslave a person or persons, must relate “friendly” with such a person or persons in the realm of physical association, (in the day he may be a “friend” but in the night he manifest the highest order of enmity.) This is the major propensity of a witch – witches and wizards.

A witch must relate ³³¹ “friendly” with you at first until you enter into his spiritual trap – then you are gone. The act of their proclaimed “friendly association” is a well designed “psychic-game”, a process of witchcraft manipulations. An advanced witch must be a “master” in this regard.

In the past I was a “master” in the art of using food to dominate and enslave people via the powers of darkness. When I was a child, I could even use occultic powers to project into another human being (one without the true Power of Christ), stay for a while and come out at will. I

took pleasure in doing this in those days. When I come out of the person, serious boil will develop on the person at the very part of his body through which I projected out. In those days and throughout my days in the world of the occult, you may see me without knowing that I am looking at you with three, four, seven, or more eyes. There are many people like that today—witches and wizards all over the world.

In those days also, I could give one anything, for instance, a loaf of bread, to enslave him. Such bread is an element of darkness in disguise, with a specific witchcraft name. If the witchcraft name of the bread is “Krashipu”, for example, then around 1.00 am we would come to “invoke” you via the bread, by calling “Krashipu! Krashipu! Krashipu!” several times. Consequently, if you are not under the protection of Our Lord Jesus Christ, then the bread in you will assume a different form (snake, fly, dog, cat, bat, tortoise, etc..) and bring you by force before us. From that moment you will become a slave until you are killed. All these could happen either with or without your conscious knowledge.

If you eat anything set aside as an element of contamination by the powers of darkness, it will surely become something else and live inside you. Such a thing may become a human finger, a little bone, a little snake, tortoise, cowrie, or otherwise, and lodge secretly in any part of your body. That very spot of your body may be heavy, or itch you or be hot from time to time. And from

that spot, the very element of darkness could begin to move around in your body. Thus it is evident that often, some strange objects do move around in the bodies of some people: that is an element of darkness, an element of slavery. It could move from any part of your body – your head, shoulder, your private part, your leg, etc.

Let me tell you this: sometimes the rats, lizards, or cockroach you see in your house may not be ordinary creatures. Some of them are the very psychic element of darkness in you that came out in a mysterious way to monitor your immediate³³³ physical environment and report back to your enemies in the realms beyond. You can never succeed in killing such entities if you are in the flesh.

In different parts of the world, witches are directly given edible items in the spirit-world to hawk and sell in the world of man, thus to contaminate and enslave people. A witch may be given six fried beans-ball (akara in Nigerian tongue) to enslave people with the ones she fried physically by herself and sell for the detriment of human beings. A witch may also receive human blood from the spirit world and use same to prepare food solely for the purpose of enslaving others.

Sincerely speaking, food is a major agent of enslavement for the powers of darkness against the people of this world – the earthmen. It was not in vain that Christ himself, our Perfect Example, ate butter and honey –

“Butter and honey shall he eat, that he may know to refuse the evil, and choose the good” (Isa. 7:15).

Now the big questions are: How can an element of darkness in a person be completely destroyed? If one is possessed by an element of darkness, how can he be totally delivered? The answers to these questions are contained in the words of our Lord Jesus Christ as recorded in Matthew chapter 17 verse 21: *“Howbeit this kind goeth not out but by prayer and fasting”*.

An element of darkness in one is among the kind of evil powers that can be banished by prayer with fasting. Now let me tell you something very important: if rice is used to plant an element of darkness in you, for instance, then any time you eat rice, it will go to revive the psychic energy of that very element of darkness in you. If the rice was cooked with salt, water, pepper, onion, etc., any other thing you eat cooked with the same times (even if you don't eat rice again), will still revive the same element of darkness in you.

Nevertheless, if you completely “starve” any element of darkness in you, the secret powers of that element will expire and the element will be out of your system. Remember that you ignorantly revive the element of darkness in you against yourself by feeding the element constantly. Now, to starve an element of darkness in you has to do with fasting. *“Howbeit this kind goeth not out but by prayer and fasting” (Matt. 17:21).*

This has to do with complete dry fasting. There is no element of darkness that can not be totally dissolved, neutralized and flushed out of your life if starved for 72 hours – three days and three nights. If you fast and pray to the Lord for complete 72 hours without taking any thing including water, no element of darkness has the basis of remaining in you. If you pray and praise the Lord only, don't be surprised that the element will still remain in you. But the moment you starve the element, that is the end of it. Herein lies the technical spiritual understanding of the words of Jesus Christ: *“Howbeit this kind goeth not out but by prayer and fasting”*.

However, be informed that an element of darkness is not a spirit being, but something constructed by spirit beings for the purpose of enslaving people through what they eat. Apart from through food, however, an element of darkness can also be planted in one's body through sexual act, smoking act, snuffing, etc. But none of them can remain in you after 72 hours of dry fasting

QUESTION 9: How can someone know when the spirit of death is around and what can one do in the face of such attack?

B. W. GHANSAH
Hohoe, Volta Region, Ghana

IYKE NATHAN UZORMA: Firstly, it is true that the powers of darkness can attack someone with the spirit of death. When the spirit of death is in motion against you, you may see it in the dream. If this spirit succeeds in coming into your spiritual environment (your microcosm), then from that moment you will be afraid of death anywhere you go.

There are some people as soon as they want to travel, they become afraid of death – afraid of accident. This is a sign that the spirit of death is operating in their environment. Such people should immediately seek God’s deliverance from the spirit of death: *“for God hath not given us the spirit of fear; but of power, and of love, and of a sound mind”*. 1Tim. 1:7.

Some people generally fear death, not only when they want to travel. Some see dead people always in their dreams. These are further signs of the presence of the spirit of death if you dream this or see yourself around a burial-ground, fast (6.00 am – 6.00 p.m.) and pray the next day, calling the Blood of Our Lord Jesus Christ for your Divine Protection.

QUESTION 10: Dear Prophet of the Most High, during your crusade at the Lokoja Township Stadium, (Nigeria), you did say that some food can help one to overcome the forces of darkness, while some food can degrade one spiritually. Please can you elaborate on this aspect of good and bad food for the benefit of mankind?

O. R. Y. ONITIRI,
Lokoja, Kogi Nigeria.

IYKE NATHAN UZORMA: On a higher platform of spiritual science, as evident in the lives of Our Lord Jesus Christ and some great Prophets of old, it is not good for one to eat all things in the thought that he could eat all things – all sorts of food, but on a higher platform, one has to eat only those things that could enable him maintain the highest vibrations of spiritual power. To this end, it may be recalled that even Jesus Christ Himself ate butter and honey *“that He may know to refuse the evil, and choose the good”* (Isa. 7:15).

Also remember the case of John the Baptist: Did he eat all sorts of food prepared in the world of man? John the Baptist is one of the Great Beings of the highest spiritual consciousness. Consequently, when he came into the world of man, he ate such things that enabled him maintain the Power of the Lord in him. The Scripture spoke of him thus:

“And the same John had his raiment of camel’s hair, and a leather girdle about his loins; and his meat was locust and wild honey”

- Matt. 3:4.

Some of us think that we could eat all sorts of food and still maintain the highest power of God within our consciousness, but that is not the true situation. You may wrongly think also that the case of both Jesus Christ and John the Baptist do not apply to other spiritual men on the higher path of life. Of course all believers are not on the same level of spiritual powers, but whosoever wants to advance to the highest point of the Supreme Power of God available for the children of men, must follow the bonafide path of not eating all sorts of food.

Furthermore, remember the case of Prophet Daniel and the three servants of God – Shadrach, Meshach and Abednego. These four Jews refused to eat all sort of food given to them in the palace of the King of Babylon. Rather they requested the steward to give them vegetables. The Scripture says: “*so the steward took away their rich food and wine they were to drink, and gave them vegetables*” (Dan. 1: 16, REVISED STANDARD VERSION). What was the final result of their eating vegetable? The scripture further reported:’

“Now at the end of the days that the king had said he should bring them in... And in all matters of wisdom and understanding, that the king inquired of them, he found them ten times better than all the magicians and astrologers that were in all his realm”.

339

- Dan. 1:1 –20.

However, you can eat all sorts of food if you wish to do so. But those who are sincerely out to advance on the path of spiritual science and thus live above the Prince of Darkness must obey the primordial Will of God on the nature of food that man should eat:

“And God said, Behold, I have given you every herb bearing seed, which is upon the face of all the earth, and every tree, in the which is the fruit of a tree yielding seed; to you it shall be for meat”.

- Gen. 1:29.

Now, for your own conviction, eat only fruits once in a day (6pm), don’t eat any other thing, for seven days. You will discover from your own experience that the Power of God in you will unfold to a greater degree via diverse manifestations. A word is enough for the wise.

QUESTION 11: “You stated in your book that about 30,000,000 water spirits are now on earth as pretty girls. How can we identify them in our midst?”

M. A. SMITH
Virginia, U.S.A.

IYKE NATHAN UZORMA: You shall know them by their fruits! They are on earth³⁴⁰ solely to spread lust waves to enslave the people of this world. There are different

occultic processes to recognise who is not a human being in the world of man. But these processes again are abomination before the Lord.

However, if you are filled with the Holy Spirit, you can recognize such entities via the intensity of the negative vibrations of lust waves emanating from their being when you are in contact with them. The Spirit of God also can open your eyes occasionally to see their true demonic aspects beyond their physical forms. And those who fornicate with them without knowing that they are demons, will definitely bear witness by knowing the fact that they are in bondage. To me, what is more important is for one to worship God and be strong in the Lord. Whether you recognize them or not, continue to be strong in the Lord!

QUESTION 12: “Can you give the total number of spirits and human agents of darkness under you before you encountered Christ?”

Ἰ Πίσε το Δεφενδ

JD N. O.

Lagos, Nigeria.

IYKE NATHAN UZORMA: A human being ordained as “AVATAR” within the hierarchy of the “Cosmic Forces” does not control a limited number of spirit beings. He is empowered to control or dominate all spirits in the kingdoms of darkness. But this is on a general level. Specifically, however, an Avatar is in control of billions of subtle entities (spirits) operating in

200,000 kinds. Now, as a Christian I can categorically say this “control” of spirits is false in the ultimate level. A great demon can pretend to be under the control of an Avatar, so as to deceive such Avatar in perpetrating occultic devices. Satan does not lose anything for him to pretend to be under you, as long as he will by so doing still use you to lead others astray. As for human agents under me, I had thousands of followers through correspondence and otherwise. And I had power over all the human agents who were not Avatars. Even some “Grand Masters” were under me when I was Avatar.

QUESTION 13: “Is the entity you married in the water occult kingdom still visiting you now?”

A. J. ABAYOMI

Lagos, Nigeria.

IYKE NATHAN UZORMA: No, she had stopped visiting me. She is even now in chains, and she will remain in that condition till the final hour of judgement. Though after my conversion she came with other evil spirits to fight me. But I overcome with the Power of the Almighty through Christ, and the Lord of Host gave me the power of victory, and that same day the burden of great pain was placed upon her and her colleagues. I spoke of this in detail in my book entitled “**Exposing The Rulers of Darkness Vol. 1.**” Demon entities have no basis of paying me a visit on a friendly level, except

they come for a spiritual battle, of which my victory is sure through Jesus Christ!

QUESTION 14: “What is the duty of a spirit being operating as Second Personality and the duty of a Spiritual Guide?”

L. B. GOMADO.
Kumasi, Ghana.

IYKE NATHAN UZORMA: The functions of an entity operating as Second Personality to a human agent include to serve as a constant link between such a one and psychic spirits. Such a spirit is an ambassador of the kingdoms of darkness a human agent in his operation in the spirit realm. When a human agent becomes an Avatar of esoteric mysteries, he no longer needs the assistance of a Spirit. Ἰ Πίστε το Δεφενδ Second Personality.

QUESTION 15: “How wicked were you when you were an Avatar of the occultic world?”

343

P. ROWLAND
Nairobi, Kenya.

IYKE NATHAN UZORMA: Anyone outside the consummate righteousness of our Lord Jesus Christ is wicked in one way or the other, directly or indirectly. Now the degree of such wickedness is relative in essence. It depends on the level of one’s involvement in

perpetrating and actualizing the whims of darkness. Having spent several years in the occult and esoteric system however, I may not perfectly ascertain the totality of the degree of wickedness perpetrated by me. But one thing I am sure of is the Word of God, which has it that: *“Therefore if any man be in Christ, he is a new creature, old things are passed away; behold, all things are become new”* 2 Cor. 5:17.

QUESTION 16: “I want to know how an unborn baby as you spoke of, can be used by the mother as a torch-light’ for witchcraft operation?”

R. WILLIAMS
London, England.

IYKE NATHAN UZORMA: detailed explanation of how this could be done, may serve as an introduction of initiation into the art of witchcraft. Hence this is not the purpose of my work, I think it will be enough now to tell you that such a process has to do with the natural subjective psychic connection between the mother and the baby in her womb. When a manipulation and perversion of the psychic essence occurs via the devices of the primordial energy of darkness, a witch could use the same at that moment to initiate the child in her womb and use the child as may be directed by higher astral entities.

QUESTION 17: “In your book you spoke of the mind of man as having four fundamental faculties, but you did not name them. What are they and what are their functions?”

E. P. LUBA,
Freetown, Sieria Leone.

IYKE NATHAN UZORMA: The detailed answer to your question has to do with the “Five Major Channels of Psychic Attack”, the channels within an earthman through which he can be enslaved and ruined by the metaphysical powers of darkness. You must know that no power of darkness in the universe can dominate you, which you did not cause directly or indirectly to be in motion against yourself via the abnormal channel of your own consciousness.

345

Now, let it be emphasized that no unclean power in any realm of existence can approach, dominate, possess, or harm you, which you do not attract to yourself; and the process of this attraction will be fully exposed.

It is written of the earthmen: “*I have said, ye are gods*” (Ps. 82:6). It is said that man is a god clothed in rags; a master of the earth going about begging for a crust of bread; a king prostrated before his own servants; a prisoner walled in by his own ignorance. None holds him but himself!

In the Book of Hosea Chapter 4 verse 6 the Almighty God proclaimed: “*My people are destroyed for lack of knowledge*”. Sound spiritual knowledge of the nature of man, the universe, psychic entities, angels, immutable laws, the Godhead etc, is necessary for your total victory over the manipulations of the Prince of Darkness.

Remember it is said that man is the temple of God. A temple is expected to have doors. Now, the human body has seven doors (in-flow psychic gates) through which an evil spirits can pass into a person to possess, dominate, or ruin his life. These gates include the sex organ, the anus, the navel, the heart, the throat and the forehead centres of the body including the centre between the eyes.

Again, there are ten major doors (out-flow psychic gates) in the human body through which a spirit entity in man can come out. These include each of the two eyes, each of the two nostril, each of the two ears, the mouth, the navel, the sex organ and the anus.

These are the major doors within the temple of God – MAN! These doors are natural “*Psychic gates*” or “*centres of psychic consciousness*”. In the past I studied and mastered several aspects of Noetic Science including Esoteric Physiognomy – Psychology of the Higher Self.

Under Noetic Sciences, however, it is an established spiritual fact that no psychic entity (demon) can enter into man except through any of the seven doors, or gates

of power. Now, the power that made man (the Almighty God) sealed all the doors of the human body with an energy essence of His invisible power. And as long as these doors remain sealed, no power in the universe can overcome you. But an evil power can overcome you when any of the doors are opened. Consequently, I will soon d

Ι ΠΙΣΕ ΤΟ ΔΕΦΕΝΔ : of your

body for evil spirits to enter into you at will

Nevertheless, we shall in this connection firstly understand more of the nature of man. But please recognize that the propensities which open the door for the powers of darkness to overcome you, is accomplished via the exercise of your volition.

Man, as expressed in the Holy Scriptures, is a tripartite being with Body Soul and Spirit (1 Thess. 5:23). The spirit or soul personality, is the ultimate man, that is the spirit-soul, while the soul when body, soul and spirit is mentioned in this connection can also be called mind.

In other words man is an eternal-soul-personality living in the temporal world of matter. It is only to enable the soul personality, or the spirit-soul experience life on the earth that it wears different psychic bodies which correspond with the various paraphernalia of the universe.

The highest tool of the soul (the spirit-man) in creation is the subtle essence called mind. It is through the mind that the spirit-soul transmits the awareness of being

(consciousness) to all the psychic layers of the self – Mental, Memory and Emotional, including the gross material aspect of man, or the physical body.

Now, the awareness through which we constantly recognise our daily existence in the world of man, either in thought, in word, or in deed, including the awareness by which we may function in a subjective state (dream land or otherwise), is transmitted by the primordial energy of the human spirit via the mind.

From the spiritual point of view, the mind can do nothing of itself. The mind has no initiative; it has no independent energy that could propel it into action by its volition. The human mind therefore is strictly a tool for the human spirit (soul personality). Thus the mind is bereft of any power and freedom independent of the potency of the spirit-soul. It means that the mind must not lead, rather it must be led by the power of the spirit. And it is only from this mind level that unclean spirits try to advance their spiritual attack against the earthmen. Remember, he who controls the mind, controls the man!

Evidently, the mind can only react when it is impressed by the consciousness emanating from the human spirit. The mind then, having being propelled by the energy of the spirit, serves as the medium through which the soul personality could pass each and every degree of impression, awareness, message and perception to the material, (physical body) of man.

Towards the consummation of the functions of the mind as the bonafide tool for the operation of the human spirit, we found that the mind has four fundamental faculties through which the awareness of existence is projected to all the subtle layers of man including the physical body.

Now, the awareness by which the earthman could take notice of the existence of any form, or by which he may recognize the beauty or the colour of a thing, including such awareness by which the earthman could comprehend or understand rhythm, among others, is projected by the human spirit to the physical body via the first faculty of the mind.

It is evident, however, that the first faculty of the mind is of immediate and automatic reaction. This faculty of the mind accepts whatever form, beauty, colour, rhythm etc., it approves and reject any of these which it considers repulsive. It is either for a thing or against it.

Most of the impressions of the soul consciousness passed to the human body via the first faculty of the mind, are received through the eyes, which serves as the instrument of perception. Having selected what it approves, the total recognition of the first faculty of the mind is then passed to the third faculty – the faculty of thought.

Furthermore, the consciousness through which the earthman could attain the awareness of feeling, or

recognize the taste of something, such as food, drink, etc., including the knowledge by which he may establish justice, true harmony and perspective, is transmitted via the second faculty of the mind.

350

Like the first faculty of the mind, this second faculty is also of immediate and automatic reaction in all matters concerning it's operation. To this end, the mind's second faculty can only enjoy what it has been trained to enjoy – it is either for a thing or against it. And whatever it accepts in the final analysis is also passed to the mind's faculty of thought (the third faculty) for proper judgement.

The third faculty of the mind (the intellect) is the faculty of thought. The functions of this faculty include to receive all impressions passed to it simultaneously from both the first and the second faculties. Having received such impressions, this faculty consequently takes thought discrimination to decide which it must accept or reject. And whatever it accepts is passed to the fourth faculty of the mind for final execution.

The fourth faculty of the mind, or the faculty of the human volition, is known as the Executive Faculty. The major function of this faculty includes to receive and execute the final decision of the third faculty of the mind.

The realization of the³⁵¹ eternal identity of man in this physical reality, including the awareness by which the

earthman can recognize himself as a bonafide citizen of the universe and thus worship the Almighty God in spirit and in truth, can only consummate subject of course to the condition that all the four fundamental faculties of the mind function in their right spheres of action and under normal operation as ordained by the Creator.

When the four fundamental faculties of the mind function as ordained by the Power of God, the earthman could manifest greater degree of spirituality in the righteousness and perfection of Christ. And when this is done, the entire doors of the human body (psychic gates) would be completely closed and immuned against each and every attack of the subtle psychic entities – forces of darkness!

Better expressed: The gates of your body are closed against demonic attack via the potency and radiation of the righteousness of God. And when you practically uphold the righteousness of God in your life, you will immediately possess the peace of mind and soul. Now spiritual joy is the physical expression of the peace within you.

Remember it is said: *“for the kingdom of God is not meat and drink; but righteousness, and peace, and joy in the Holy Ghost” (Rom. 14:17)*. Now, let it be emphasized that whosoever lives daily in the essence of righteousness, peace and joy, will have the gates of his body sealed by the Spirit of God, and can never be ruled

by the ubiquitous manipulations and influence of the mighty rulers of the darkness of this world.

Please be informed that no earthman can perfectly possess and manifest righteousness, peace and joy, if he is not truly Born Again. In other words, it is only a Spirit-filled Born Again Believer that can live in righteousness, peace and joy, and thus overcome every psychic attack – wiles of the devil. It follows also that the gates of the bodies of all the earthmen (except the true believers) are always opened for evil spirits to pass in and go out at will to perpetrate their wickedness. This is thus expressed in the Scripture: *“And we know that we are of God, and the whole world lieth in wickedness” (1 John 5:19)*.

You are already informed that when the four faculties of the mind uphold their normal modus operandi, the earthman can manifest greater degree of spirituality via the consciousness of righteousness, peace and joy of the Almighty God, and thus overcome each and every attack of the f

Ι ΡΙΣΕ ΤΟ ΔΕΦΕΝΔ

Nevertheless, whenever you permit a dichotomy to exist among the four fundamental faculties of your mind, you are at that moment inviting or attracting the great spirits of the entity Satan to come and dominate your life. And when these evil forces are thus attracted to hover around your ethereal environment (microcosm), they will manipulate your mind and cause a fifth perverted abnormal faculty to exist in your mind.

This fifth abnormal faculty is known as the “mind’s channel of destruction”. As righteousness, peace and joy uphold the normal four fundamental units of the mind, so also the fifth abnormal faculty of the mind has its own propensities through which the forces of darkness operate to enslave the earthmen.

The fifth abnormal faculty of the mind, produced in man via higher manipulation of the forces of darkness, has five major propensities, which are the five major channels of psychic attack. These propensities include:

- i. Lust,
- ii. Anger,
- iii. Greed,
- iv. Vanity, and
- v. Mundane Attachment.

Whenever you are involved in any of these propensities, one or two or more or all the doors (psychic gates) of your body will be opened for demonic spirits to enter into you at will, based on the intensity of your involvement. For instance, in their use by the forces of darkness in spiritual and metaphysical attack against the earthmen, the channel of lust has 50%, the channel of anger has 20%, while each of the channels of greed, vanity and mundane attachment has 10%.

Furthermore, the moment the gates of your body are opened through any of these propensities, you will immediately enter into a repugnant psychic state called “maya” or zero-point – also called zero-level. It is while on this state of “maya” that diverse elements of darkness can dominate, ruin, manipulate, or enslave you directly or indirectly.

Now, let me state categorically that each and every act in the world of man, said to be sin, iniquity, or abomination, can only exist or manifest through any of the five propensities of the abnormal faculty of the mind. Analyse this statement for your own recognition and conviction!

“Every good gift and every perfect gift is from above,
and cometh down from the father of lights, with whom is
no variableness, neither shadow of turning”

LACK OF KNOWLEDGE

There are more than the eyes can see!!! One great philosopher said that “ignorance helps”. He said this in the understanding that if your friend has a problem, for instance, which you are ignorant of, you will not be worried on how he will get a solution. And that your ignorance in this connection will be the important element that will eradicate the anxiety which you would have experienced in the absence of such ignorance. Thus he categorized that “ignorance helps”.

Now, this philosophical thought could make a logical sense in terms of objective speculation; but in the bonafide essence of spiritual recognition, it is vain philosophy. Remember this warning:

“Beware lest any man spoil you through philosophy and vain deceit, after the

THE great danger in seeking solution via psychic and
ESOTERIC process

tradition of men, after the rudiments of the world, and not after Christ”.

- Col. 2:8.

Spiritually speaking, ignorance can not help any man in this planet, because it directly represents lack of sound knowledge. Brethren, I am not speaking of the mundane knowledge emanating from material senses – be it the so-called ‘high thinking’ or otherwise.

Nevertheless, I am speaking of sound spiritual knowledge: that is the sound knowledge of the nature and the modus operandi of God, the universe, the angels and higher entities of Heaven, the forces of darkness, the earthmen and the immutable laws. It is the Will of God for us to bestir ourselves spiritually to transcend mere religious dogmatism and thus strive towards the mastership of this required knowledge. *For without this knowledge, the earthman can be destroyed by the mighty forces of darkness operating in the spirit realm. Again, remember the words of God: “My people are destroyed for lack of knowledge” (See Hosea 4:6)*

It is said that “faith cometh by hearing. “I am also confident that doubt can as well come by hearing. Don’t forget this! Now, the sound spiritual knowledge which each and everyone is required to possess in the world of man, for our daily victory on the path of light, is evident in the sacred writings of the Prophets and Saints of old,

including the teachings of the Son of God and the works of the Apostles. And hitherto this bonafide knowledge is still being sustained on earth via the Presence of the Holy Spirit. Τηε Γρεατ Δανγερ....

Now, be informed that each and every exposition made by the Lord through me³⁵⁹, is a further contribution in the present age of man towards the total liberation of the sons of men from the sway of the forces of darkness. The forces of darkness are advancing daily in their spiritual battle against this planet. We must advance and overcome them through our Lord Jesus Christ – the Creator!

It is on record that the Holy Spirit has used my publications to revive the lives of many, as well as to bring many to the feet of Christ. This is the essence and the purpose of any work which is set forth to propagate the bonafide spiritual knowledge aimed at emancipating human beings from the crafts of the huge number of wicked spirits in the realm of darkness.

I am confident, by the grace of God, that if you humble yourself, submit to the Will of God and read this book prayerfully, the Spirit of God will use this exposition to add to your sound spiritual knowledge, the means of your victory over the abnormal forces of destruction. There are few things you may have seen in this book which were not revealed before to the earthmen. Once again, humble

yourself and read this book often with faith – “faith cometh by hearing.”

Solution via the occult

I want to use this opportunity to warn each and everyone on this earth planet of the danger inherent in seeking any solution outside the recognized authority of the Supreme Power of the Father through Christ. The essence of this warning is to emphasize that any so-called “solution” which you may receive outside the Supreme Power of the Creator, is nothing but a disguised process of higher demonic enslavement. I am saying this for your spiritual guidance!

Earthmen! If you receive any solution through occultic, metaphysical, esoteric, or psychical process, I tell you the truth, such a solution will thereafter still compound your predicament, either with or without your knowledge. I will soon expose how this is practically accomplished in the spirit realm. There is no doubt that there are diverse problems encountered here on earth. But then, we are never expected to seek any solution outside the Omniscient Power of the Lord our God – Father! Every perfect solution, or perfect gift, in this universe comes only from the Blessed Throne of His Eternal Majesty – FATHER!!! Remember this and guide yourselves.

“Every good gift and every perfect gift is from above, and cometh down from the Father of lights, with whom is no variableness, neither shadow of turning”

- James 1:17.

The boat of destruction

One night I was praying: and thereafter the Spirit of God led me beyond the realm of men. I looked and behold, there was a very mighty boat upon an endless sea. Then I heard a voice which said to me: “Son of man, behold the boat of the Wicked One, even the symbol of the powers of darkness. Verily as many as are in this boat till the end of time, shall have their lot in the realm of unspeakable darkness: There shall be weeping and gnashing of teeth”.

I turned to my right side and saw that the great voice, which I heard, came from one that was clothed with a scarlet robe, whose head was covered with crowns of light. He led me in spirit into the midst of the clouds, and there he anointed my eyes with a holy oil. Thereafter, everything going on within the boat of destruction, which was upon the sea, was revealed to me.

Brethren, I saw that this mighty boat was on the highest degree of acceleration heading towards a realm of fire. I observed clearly that the captain of this strange boat was the very entity (spirit being) called Chitanam, who is

directly worshipped as “God” by all the principal masters of the occult, and who is indirectly worshipped likewise by every spirit and human agent in all the kingdoms of darkness.

Satan was the captain of this boat! I looked and saw that within this boat were millions of human beings directly or indirectly serving different forms of spirit beings. And from these spirit beings, many of these human beings received money, some received children, some were sacrificed, some were healed from one form of sickness or the other, some were given husbands or wives, some received promotion in their respective place of work, while many received nothing but remained in chains.

Yet with all these proclaimed “woes” and so-called “blessings” operating inside this boat, the totality of the boat itself and everything therein were heading towards destruction on a speed beyond human calculation. I saw when the boat reached its destination and was consumed by fire; and there was great weeping and gnashing of teeth! Then the one who was in a scarlet robe said to me again:

“Son of man, whatsoever in this universe that is not perfectly situated in Christ, is within the boat of Satan which is revealed to you. Therefore go and warn the sons of men, that every solution and true blessing comes only from Jehovah God and His Christ, and

that every gift from Satan leads to total destruction. Say to them: Verily we have told you the truth”.

A gift from Satan

Now, I want to tell you one or two things to expose the danger of receiving anything through the powers of the occult. I am speaking at this point from my past personal experience in esoteric manipulations. Before I go on, let me warn again on a very serious note that you must never seek anything outside Christ, if you truly love your life in due consideration of now and the hereafter.

In the past when I was operating in the occult as the “Living Grand Master of the Order of Astral and Terrestrial Hierarchy”, many “initiates” of the occult (lesser agents of darkness) used to come to me, because I was a “cosmic channel” used to make contact with different agents below the degree of “Grand Master”.

In one occasion, a man operating in the rank of “maharajah” (Temple President) came to me with one of his men. Their aim was to find out if there is any contribution I could make to assist a certain woman who was barren for nine years and finally came to them for a solution. They could not directly help the woman because of their level, thus the forces operating as their “inner servants” directed them to me. (That Temple President was then my occultic associate).

When they came, I immediately contacted the spirit being operating as my “second personality”, and within 16 minutes I received an answer to their request. Following this answer, the woman was directed to wash the floor of that occult temple and drink some part of the dirty water with which she washed the temple. She did this and got her heart desire – a child, after some months.

Now, what happened was that when she drank that dirty water, the spirit being in charge of the zone of Lumani of the water psychic kingdom, called Keseva, directed his consort (the Queen of Beta) to project a “psychic force” that will cause the woman to have a child, and that a spirit being within the lower rank of “invisible servant” should also be in motion to possess the child even from the womb. And this was done!

Now, just as we human beings have diverse elements in this material world through which many things are formed, so also there is a strange subtle element in the spirit realm called “mahat tattvah” which is used by spirits to form different things. This element is on a higher level of vibration with a minute degree of consciousness.

For instance, in this physical world, if police wants to go and arrest a certain man, they may use a car for this purpose. The car is made with some gross material elements, thus it will take some time to move from one

place to another. It will also take some time before it can be used by police for the arrest. But in the spirit realm the case is different. This is so because in the spirit realm, if any spirit or human agent is working against their law, an instrument made with this mahat tattvah can manifest in that very place and arrest the culprit there and then. Though there are still few esoteric process that can be used to escape this kind of arrest. But this is known to few human agents and spirits.

Nevertheless, this same mahat tattvah is also used to form the image of a human being either in the womb of a woman or otherwise. Such image (gross body) is then fully possessed by a spirit being, who consequently activates every consciousness within it. This is one of the ways through which human beings receive “children” from spirit beings of the realm of darkness. Such “children” are bonafide agents of darkness.

It was through this same process that we gave a “child” to that woman who drank a dirty water for this purpose. These so-called “children”, who are psychic entities in disguise come into the world of human beings to greatly contribute towards the advancement of evil and the process of enslaving the children of men. Again, by giving birth to such a child, the parents to this end are made to live as spiritual slaves. There are many parents like this presently on earth. This is just a little aspect of the danger of seeking anything outside Christ. Seek nothing outside the Lord your God!

There was a couple in Akwa Ibom State of Nigeria who wanted a child, and they went to get a child through a powerful occultist. Finally, the woman gave birth to a baby girl. Thereafter an advanced metaphysician came and told the parents of the child that their child is directly a snake spirit-entity. But the parents of the child doubted this at first, because they were ignorant of how a demon could be born as a human being.

However, the metaphysician told the parents of the child to do Τηε Γρεατ Δανγερ....³⁶⁷ hid to the bank of a river and have not move for some time. In keeping to the words of this man, the parents of the child took her down and hid themselves in the bush from where they watched her.

After few minutes the child began to cry, but the parents still hid themselves waiting to see what would happen next, according to the instruction of the aforementioned metaphysician. After crying for some time, the child lifted up her head, changed into a big python and crawled into the river, and the parents (human beings) saw her. That was the end of their child – a gift which they received from the throne of darkness. The child was a demon in disguise.

In this book, I stated that there are 1,100 regions of psychic powers in the water spirit realm of the forces of darkness, and that each of these regions is ruled by a

spirit being within the rank of “Pritha”. I further explained that Prithas are psychic beings seen as big snakes with two strange lights on the head.

Now, there are many Prithas on earth seen as pretty girls and handsome men. These are sent to the world of man to advance the perpetration of abominations and promote the spread of lust-waves, in order to accelerate and enhance the demonic enslavement of the sons of men via diverse manipulations. Think about this!

Remember that if the child stated above did not return at that time to the spirit-world as a snake, she would have lived on earth and be regarded as a human being, whereas she was a demon in disguise.³⁶⁸ Remember this and guide yourselves. These forces of darkness have come on a higher dimension to fight the people of this world. Brothers and sisters, we can only overcome or escape in this last age only through the Supreme Power operating in the Blood of our Lord Jesus Christ, I am speaking from experience.

DEMONS AMONG MEN

Dear reader, we are in a spiritual battle. Surely you are in a battle whether you are aware of it or not. Now the spiritual battle is greatly on!!!

The advancement of the battle of the powers of darkness against the children of men is evident in many

dimensions, and more so when you come to the full recognition that many personalities now in this planet are not human beings – most of them are demons in disguise. I have already said that these forces have materialized solely to advance the perpetration of evil in the world of man.

It may Τηε Γρεατ Δανγερ... e these entities among men. But the Spirit of God can lead you to recognize them. Now what is important is for you to be strong in the Lord and banish the devices of these entities with the Supreme Power³⁶⁹ of the Almighty God. However, there is an occult process to recognize them.

For instance, if you wash the face of a mad dog and use the water with which ⁴³⁷you washed the dog's face to wash your own face in a market, then you stand astride, bend down and look back in between the legs, you will see different kinds of spirit beings in that market. These spirit beings will appear to you in diverse forms other than that of a human being. It may amaze you then to discover that some of those you had discussed with in that market, thinking that they are human beings, are demons in disguise. But I am not saying this to encourage you to indulge in this practice. It is occultic! It is an abomination before the Lord!! And be warned that you may run mad in the process of doing this!

Apart from this, demons are also among men operating in other dimensions. For instance some time ago in Cross

River State of Nigeria, a couple met three boys and pleaded with the boys to direct them to a certain village. These boys, under the influence of occultic powers, agreed to help the couple whom they led through a bush path towards that village. While on the way, the couple cried aloud in a strange voice.

Consequently, the boys saw how the couple changed themselves into two graves. They were from the spirit world. And by virtue of this craft (act), the boys immediately received a secret mark of destruction and were turned into spiritual ³⁷⁰slaves. That could be the purpose for which these entities appeared as “human beings” – seeking for whom to dominate and enslave. Now, whosoever is thus enslaved can only be freed by the Supreme Power of the Lord⁴⁵⁸ of Creation – CHRIST.

There are still other spirit beings in the world of man who have no initiative. Rather they operate subject to higher “mantra vibration” (occultic or esoteric command) of the principal masters of the occult. Most of such spirit beings are in the rank of “invisible servants” and they reside often in graves, within some trees, in shrines and within some idols, to mention but a few. Let me not forget to tell you also that some of the so-called spiritual churches using candles and incense allow their altar to be used as a “home” by these invisible servants.

Now, there is an advance occultic process through which these invisible servants can be invoked and commanded

to go and operate as armed robbers, or as hired assassins, or otherwise. When this is done they will materialize fully : Τηε Γρεατ Δανγερ.... Therefore note that many great evils prevailing on earth are perpetrated by spirit beings operating physically in the form of men.

In the past I took active part in invoking and commanding the invisible servants to go and kill or maim. And now, many of these forces have materialized and fought me physically. But my Lord and your Lord, even Christ, has never failed to give me victory in each and every attack. Yes! Our victory over the powers of darkness can come only from the Throne of God.

Readers, guide yourselves and be firm on the path of light which comes only through Christ; for millions of demons have come to the earth to fight the sons of men. The human security agents can not stand the operation of these forces. It is only the power of Christ that can banish them.

Now, there was a day in which a spirit being (invisible servant) was invoked and sent to a certain man from Delta State, Nigeria. Then the man was just a young believer in the faith. The brother told me this by himself. It happened that one night as he was about to sleep, he heard a knock on his door. When he questioned who was knocking, he heard the strange voice of an entity which

said to him: “Give me my trousers. I have come to collect them.”

This entity (spirit being) mentioned one strange name, but the brother answered " I “don't know you”. Nevertheless, this entity continued to disturb the young man of God, saying, “open the door for me to collect my trousers”. When the brother realized that the person knocking was not a mere human being, he was flummoxed, thus he did not know what to do initially. But he thought it necessary to boil hot water and pour on that strange “visitor”. Therefore he began to boil hot water with ring-boiler. Now when the water was boiled, he opened the window near the door and poured the hot water on the materialized invisible servant.

At this point the entity broke the door with force and entered the brother’s room. The spirit being stood face to face before the young Christian who was bamboozled and did not know what to do next. He observed that this entity was black, naked, without a male or female private part, had the head of a strange beast and three round big green eyes.

The brother carried different things in his house and struck the unwanted visitor, but he did not flee. Then the brother fled from his house. It was when he fled that he remembered the Lord. He called upon the Lord of the Universe (CHRIST), went back to his house, and the entity disappeared. But then the entity left with second-

Τηε Γρεατ Δανγερ...

handed trousers, which the brother bought few days before then.

Before I continue, please let me tell you this on a very strong note: there are thousands of second-handed clothes sold here in Nigeria and other parts of the world. Some of these clothes, including some second-handed shoes, were firstly used by spirit beings or by some higher human agents of the forces of darkness.

Consequently, these clothes and shoes are sold in diverse places so that the human beings who use them can thus be enslaved via some highly concentrated occultic subtle elements stored in such clothes or shoes.

Now, be warned that through such clothes or shoes or otherwise, the forces of darkness can make direct contact with you. When you wear such things, you are then covered with a subtle element of darkness, through which higher entities of the realm of darkness can set an invisible mark of destruction upon you. And with such marks, which makes you to enter into a realm of unconscious association with darkness, or a repugnant state known as the realm of blind witches, the powers of darkness can then enslave you to the extent that they can dominate and ruin your business, health, finance, marriage and other aspects of your life. Remember this and guide yourselves!!! (Following this exposition firstly made by me in 1993, am glad to note that the government

of President Olusegun Obasanjo in Nigeria has finally banned the importation of second-handed clothes).

Back to the brother who was visited by a spirit being, you see, that entity did not visit him for good – a demon can never visit you for good. But because of the protection which that brother had via his recognition of the potency of Christ, the evil spirit was unable to fully manifest and consummate his negative intention.

It is important to note, however, that many people on earth have lost their lives in the hands of spirits who appeared and visited them. If such a strange visit takes place in the night, for instance, you may see such people dead the next day without knowing what happened to them in the night. However, if you are bold (bereft of fear), these forces can not harm you, even if they stand face to face before you. When an invisible servant (spirit being) is invoked and projected to you, the greatest weapon they use against you is fear. But if you overcome this fear, they will find it difficult to attack you.

“For God hath not given us the spirit of fear; but of power, and of love and of a sound mind.”

- 2 Tim. 1: 7

False promotion and solution

I am still talking of the danger of occultic and psychic powers – that is the danger of seeking help outside the Blessed Lord Jesus Christ.

What I want to tell you now took place when I was “The Living Grand Master” in esoteric mysteries. At that time, and even before then, thousands of people used to write or come to me for help which I gave them through occultic process.

There was a day one “big man” from a bank in Lagos came to my “ashram” (sanctum) for help. The man had a big problem with his bank due to a large sum of money which he stole from the bank. When this was discovered, he was dismissed and about to be jailed. This was what brought him to me.

When he came, the spirit being working under me informed me that the problem of the man began through his girl friend whom he offended. It was she who took his case to the Zuma Rock in Abuja, Nigeria, from where he was manipulated and plunged into such a predicament by great psychic entities residing in that rock.

I made contact with higher spirit beings of the terrestrial order (mighty rulers of the second psychic kingdom of the air – space) and they told me to fight and free the man under the condition that he will conduct a ritual which will be used to totally enslave him. Then the man conducted the ritual without knowing that he was directly

submitting his life and everything he had to the rulers of darkness of the higher occultic plane.

When this was done, I moved in from the psychic realm and set him “free” – but he was not FREE INDEED! It is only the Supreme Power of Christ that can set you free in this universe. And when this is done you become free indeed. Remember the words of Christ: “*If the Son therefore shall make you free, ye shall be free indeed*” (John 8:36). That is absolute spiritual freedom. No other power can give this except Christ.

When the man fully gave himself to the higher rulers of darkness, he was “freed” from this case. But few months later two of his children died the same day. They were spiritually sacrificed on the “altar” of demons. The man never knew that the death of his children was connected to the solution which he received from me via the occult. Related experience of this kind is always associated with each and every solution given to you with occultic powers.

Of course the man rejoiced due to the so-called solution which he received. He began to worship me as the “Living Perfect Master,” especially when he saw that instead of going to jail for his offence, he was freed, called back and promoted. Yes, it was a false promotion used to enslave him and his household. Demons can give you many things if you agree to become their slave. And this agreement is made when you accept to perform

certain rituals, or to carry out any instruction or assignment from a psychic source.

Make no mistakes about this: A demonic or psychic source could be disguised to appear as a path of light, that is as a path of the Lord. This is another game plan of the enemy perpetrated to deceive the sons of men. But the Scripture had warned:

“And no marvel; for Satan himself is transformed into an angel of light. Therefore it is no great thing if his ministers also be transformed as the ministers of righteousness; whose end shall be according to their works”

- 2 Cor. 11:14.

Yes! the rulers of darkness and their human agents can disguise themselves and appear physically as servants of God. Now, when you carry out any instruction given to you by such agents, you are directly enslaving yourself to the forces of darkness. It does not matter whether they quote some verses of the Bible to support such instruction.

Truly, there are many agents of Satan who are operating their cults as “Christian churches”. They appear physically with a garment of righteousness, but in their secret aspects, they manifest as “wolves”. The Lord

Himself directly warned us against such agents of darkness:

“Beware of false prophets, which come to you in sheep’s clothing, but inwardly they are ravening wolves. Ye shall know them by their fruits....”

- Math. 7:15-16.

I am not telling you that if you go to such “prophets” you will not receive “solution” – you can receive “solution” based on the level in which such a proclaimed “prophet” can operate in the realm of the psychic spirits. But what I am saying categorically is that each and every so-called “solution” which you receive from the occult will become a channel of greater problem for you in one way or the other.

Now, be informed, however, that the word “prophet” used in this connection include the psychic Satan who may not operate with the title “prophet”, but who nevertheless may be known as and called Healer, Master, Apostle, Pastor, Bishop, Primate, Doctor, Bramana, Temple President, Malan²⁷,⁹Sheikh, Guru, Lama, Swami, Premie, Alhaji and Pujari, among others. Now consider these:

- i. If you go to any one for a solution to your problem and he gives you palm kernel oil, or

some thing mixed with this oil, to drink, or rob, or to use in one way or the other, making incantation, you may thus receive your heart desire. But please be informed that this palm kernel oil can also be used to store certain elements of darkness in your body. The worst is when you drink it – it can be used to form a contact point for evil spirits within you. Without your knowing it such a contact point will go out from you like a little lizard, bird, frog, tortoise, snake or otherwise, from time to time to report everything about you in the spirit realm. It serves as the agent of Satan within you.

- ii. If you go to anyone for a solution to your problem and he directs you to bring candles and incense for prayers, know that such a one is an agent of darkness operating as a “minister of righteousness.” You may receive “solution” from him, but know this that any prayer conducted for you with the use of candles or incense, is an indirect process of initiating you into the realm of blind witches, where you can be enslaved and sacrificed (killed) at any time.
- iii. If in the process of your seeking for a solution to a certain problem, you are taking to go and bathe in any river, you may

receive “solution” to such problem; but be informed that your bathing in the river for this purpose is an indirect way of presenting you as condemned human being and as “meat” to the rulers of darkness within the water spirit realm.

- iv. If in the process of your seeking for a spiritual assistance, you are specifically directed to face the east while praying, know that by so doing you are submitting to, contacting and worshipping a spirit being in the sun planet called “Visvasvan.” That is serving the creature rather than the Creator,
Τηε Γρεατ Δανγερ.... 1 you.
- v. The use of ashes while praying, is an indirect process of invoking the astral forces – psychic entities within the first occult kingdom of the air. A “prophet” may tell you that ashes is used to drive away “evil spirits”, but that is another game of darkness which he may not even know. What happens is that if the psychic spirits of this earth are fighting you, you can through a certain process use ashes to drive them away. But the same ashes will attract the higher psychic entities of the air to come to you. And through their own way, these higher entities could maim you later.

- vi. In another occasion you may be directed by a “prophet” to use sand for prayers. Using sand for prayers could be a process of inviting demons operating as “ghosts” and of handing yourself over to them. They will come to “protect” you, but in the process of “protecting” you, you will consequently become their slave. (Note: The Holy Spirit can direct that sand be used for prayers to deliver and bless a cursed land, among others).
- vii. A “prophet” may use cross to pray for you. Now, many talismans and amulets (instruments of Occult) are used in the form of a cross even with a carved image of “Christ”. When you receive prayers with such an instrument, you are indirectly receiving a mark of destruction and of initiation into the realm of blind witches. You are thus enslaved the more by the forces of darkness.
- viii. A “prophet” may give you a soap to bathe with, so that your man or woman could love you the more. You may use the soap and receive your heart desire, but the forces of darkness can transform the foam of the soap

into a psychic net. And with this net they can cover you and thus dominate your life.

- ix. Now be informed that drawing a line on the ground while praying; using egg to pray in one way or the other; using salt, leaves, barks of a tree, sugar, milk, beads, rod and pigeon for “spiritual assignment”, or calling the names of angels and saints while praying, are diverse ways of contacting the
 Τηε Γρεατ Δανγερ.... unto enslavement.

Money via the occult

Another thing that makes³⁸³ people to seek solution from the occult is the love of money. The Bible says; “*For the love of money is the root of all evil: which while some coveted after, they have erred from the faith, and pierced themselves through with many sorrows*” (1 Tim. 6:10)

Many people in this world have encountered several predicaments in an attempt to accumulate wealth from the path of the forces of darkness. But those who are involved in this, may not know that by so doing they are enslaving themselves under the power of the Wicked One. Now, many people are controlled by the forces coordinating the manipulation of the love of money.

Those who are possessed by these forces are subjected to the thought that their material blessings will manifest in

the world of man via the force of competition. Consequently, they fight tooth and nail in the process of making money, with every amount of cunning and craftiness. And under the sway of the forces of darkness, they are led to seek for money where they are not supposed to do so. Now, listen: your blessings will come to pass not through the force of competition, not through the love of money, not even through what you have now in your bank account, but “according to His riches in glory by Christ Jesus” (Phi. 4:19). Don’t forget this!

Be warned that many things do happen to people who are out to get money via the occult – the path of darkness. For instance, in Nigeria today and different parts of the world, many people have leprosy; let me inform you how this can come via the love of money.

There is an occultic art called “almleri” through which seven strong spirit beings are invoked solely for making money. This art is presently flourishing on the highest degree through the metaphysical manipulations of the masters of Kali esoterism.

For one to invoke money through the seven great entities of almleri, he must receive approval or be empowered to do so by an adept of the occult operating on the level of a “Living Grand Master”. When he had met such a master and receive the necessary approval, he will then be told to do certain things before the day in which he will invoke the money.

On the appointed day, the person to invoke the money will drink a particular concoction, remain naked and sit on a so-called “sacred mat” in an empty room. Thereafter, he will invoke these seven spirits through a certain “mantra” – sound vibration of the occult. These seven spirit beings are the highest custodians of a metaphysical force called “ALMLERI”, which is an “energy essence” set up in the space by the grand masters of the Kali Witches of India, solely for money.

Nevertheless, this esoteric power (almleri) is recognized to possess a positive and negative aspects. Its positive aspect contains money, while its negative aspect carries leprosy. But be informed, however, that both the positive and the negative aspects of this power of darkness are abominations before the Lord.

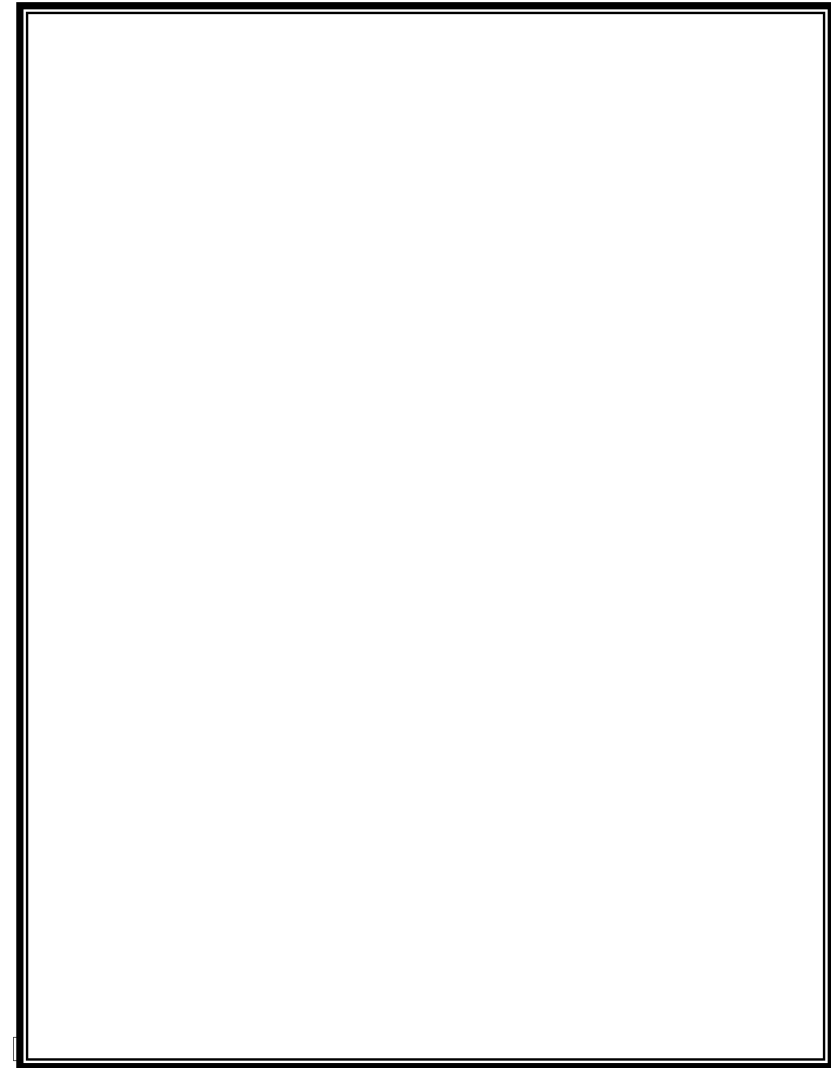

Consequently, when one invokes the seven entities coordinating the almleri evil power, such a one is at the same time setting himself up either to get money or leprosy, based on the outcome of his invocation. For instance, in the process of invocation, the seven spirits will appear before the man one after the other. And each will appear in a very horrible form that can strike fear into the mind of man.

At one time or the other, many who were engaged in this craft were immediately possessed with fear as soon as these evil forces appear one after the other. When one

thus manifest this fear propensity before these evil spirits, the spirits in turn will pour ashes on him, and he will become a leper there and then.

Thus instead of getting money, the man will arise from his mat and discover that his mouth, legs, hands etc., have been transformed by demons via leprosy. This has happened to many people in Nigeria and other parts of the world. But if the man did not manifest any atom of fear, these spirits will finally transmogrify themselves into millions of money. And such money will again be used to enslave the man via attachment to mundane things, which is major path of destruction.

JESUS CHRIST IS THE LORD!!!

What believers should know about the modern psychic crafts

“There shall not be found among you any one that maketh his son or his daughter to pass through the fire, or that useth divination, or an observer of times, or an enchanter, or a witch, or a charmer, or a consulter with familiar spirits, or a wizard, or a necromancer. For all that do these things are an abomination unto the LORD: and because of these abominations the LORD thy God doth drive them out from before thee”.

Deut. 18:10-12

Ωηατ Βελιεπερσ Σηουλδ Κνωω....

Diverse crafts of darkness

Some one wrote me and said: “Dear Iyke Nathan Uzorma, some people say that the art of White Witchcraft practiced in Europe and America is good, because of its contribution towards human progress, and that the Black Witchcraft practiced in Africa is evil, because it is used for destruction. How true is it?”

In connection to the reply I gave to the above, let me strongly emphasize that what human beings say here on earth does not and cannot hold in creation. What is important in the universe, which must always prevail in every realm of existence, is what the Lord says. That is the final !

I wish to warn without much ado that any opinion expressed by a person or group of persons, which is contrary to the Word of God, emanates from darkness. I think you are aware of the fact that psychic entities could possess a person and speak through him. Many of what you read in books, magazines and newspapers, or what you hear in the Radio, TV, among others, are the words of wicked spirits.

The invisible forces of darkness could operate via the “subtle astral energy” and speak through a person or group of persons without the conscious awareness and recognition of such a person or persons. This is the essence of manipulations and of the metaphysical authority of devils over all those who are not established

in Christ. Such manipulation is relatively expressed in Mark Chapter 5 verse 7. There we read:

“And cried with aloud voice, and said what have I to do with thee, Jesus, thou Son of the Most High God? I adjure thee by God, that thou torment me not.”

These were the words and lamentation of an invisible spirit being of darkness. But such a spirit spoke through human being whom he had possessed. Now, when people say that the “art of White Witchcraft is good”, who is talking through them? Devil! Yes!

The chief duty of all the forces of darkness in the world of man, is to make evil to appear as good, so as to lead the children of men astray from the path of the Blessed Christ. Consequently, the opinion of anyone who is not perfectly in Christ could be directly or indirectly controlled by demonic forces. Even one who is in the Lord must daily abide in the perfection of Christ, so as to overcome $\Omega\eta\alpha\tau\ \text{Βελιεπερσ}\ \Sigma\eta\omicron\upsilon\lambda\delta\ \text{Κνω}\omega\dots$

The mighty powers of darkness are prepared at every moment to use the words of a carnal man, an imbecile, to promote their crafts. Therefore, whosoever says that the occult art of White Witchcraft is good, is only being used by darkness to accelerate their works – the work which are abominations before the Lord.

I have already stated that the earthmen may speak under the manipulations of principalities and powers of darkness. They may be manipulated to do this through the limited capacity of their mental standard or by their intuitive perceptions. As such, human beings may analyze the modus operandi of the art of White Witchcraft on a mundane level and consequently proclaim it to be good, or place it on a better level than Black Witchcraft. Thus such people, especially those who are involved in it, cannot see anything evil in this so-called White Witchcraft.

Indeed, some of those who are sincerely deceived via this craft do not even recognize themselves to be witches. This is because in some societies, the art of witchcraft is studied and practiced under such names as Wise-craft, the craft, Psychic-craft Esoteric-craft, etc.

Now, people may see nothing wrong in all the elements of the occult operating all over the world. They may see nothing wrong in such psychic crafts as palmistry, geomancy, shadow reading, physiognomy, necromancy, astrology, occultism, esoteric metaphysics, mysticism, noetic sciences, among many others. People may not discover the evil in the art of White Witchcraft, or in the use of horoscopes, ESP, voodoo, astral projection, etc. But the Almighty Creator sees something wrong with all these crafts. They are the works of darkness. For thus says the Lord

“There shall not be found among you anyone that maketh his son or his daughter to pass through the fire, or that useth divination, or an observer of times, or an enchanter, or a witch, or a charmer, or a consulter with familiar spirits, or a wizard, or a necromancer. For all that do these things are an abomination unto the LORD: and because of these abominations the LORD thy God doth drive them out from before thee”

- Deut. 18:10-12.

It is evident in the Words of God that each and every form of demonic craft, whether Wise-craft Psychic-craft, Esoteric-craft, etc., is an abomination before the Lord it does not matter therefore, whether such demonic craft is considered white or black; what matters is that they are all abominations before the Creator – the knower of all things.

Let it be emphasized that the Almighty Creator God has specifically warned the earthmen, especially the people of God, that “there shall not be found among you” any of the following people:

- i. Anyone that maketh his son or his daughter to pass through the fire

- ii. One that useth divination
- iii. An observer of times
- iv. An enchanter
- v. A witch
- vi. A charmer
- vii. A consulter with familiar spirits
- viii. A wizard
- ix. A necromancer

There are four major kinds of witchcraft being practiced on earth, as already stated in this book.

Consequently, all the various³⁹⁴ crafts condemned in Deuteronomy Chapter 18 verses 10 to 12 are under one form of psychic craft or the other. Now we are going to briefly discuss these crafts one after the other, in order to expose their related abominations.

PASSING through the fire

All over the world, there are diverse related occult and magical rituals by which one can pass through the fire. This psychic craft could be performed physically or

through psychic experience via astral projection into the realm of spirits.

In the esoteric mysteries of ancient India, there is an occult art called “Agni Yajna” in the Sanskrit parlance. Agni Yajna, meaning “fire sacrifice,” is an ancient Vedic fire invocation and sacrifice of the esoteric secret of India.

This fire sacrifice (Agni Yajna) is performed mostly during one’s direct initiation into the “Vedic Sacred Mystery of Ancient India” And it is done solely in worship of great entities operating in India as Gurus, Demi-gods, Ascended Masters and Avatars.

Fire sacrifice is still in progress in almost all the modern societies that originated in India, such as the Divine Light Mission (Guru Maharaj ji), Ananda Marga Yoga Society, Kriyananda Society, International Society for Krishna Consciousness, etc. 395

In some of these societies that originated in India, fire sacrifice (Agni Yajna) is specifically performed in worship of the entity operating in the occult kingdoms as “the Lord of fire”. This entity is called Agni. In some societies, however, fire sacrifice is performed in worship of the great spirit in-charge of destruction in all the seven psychic kingdoms. This spirit is known as and called “Lord Shiva” in the Hindu religion. In the “Sacred Trinity” of the Hindus, Shiva is worshipped as “God”

together with Vishnu and Brahma. In the Hindu theology, it is taught that Brahma (who has four heads) is Creator of this universe, Vishnu is the director who maintains the universe, while Shiva is the entity in-charge of destruction in the universe.

During some invocation, Shiva appears with the name “NATARAJA” (in which he manifests with his highest form of destruction.) Shiva is also the consort (spiritual husband) of goddess Kali - Queen of the Space, who is the oldest female spirit being of the first occult kingdom of the air (space), or the Astral Plane.

Goddess Kali is the originator of the art of Kali Witchcraft, which is very prominent all over the world. The process of accumulating wealth via human sacrifice, is perpetrated by the witches of Kali. Indeed, Kali is highly respected and feared in all the occult kingdoms.

As Kali is the originator of Kali Witchcraft, so also is she the originator of fire sacrifice – the occult process of passing through the fire, which is still being observed by the Black Witches and the Witches of Abra Melin. Indeed, all that relates to fire sacrifice, whether it is performed by any kind of spirit or their human agent ultimately goes to the Queen of the Space – Kali.

All the profound followers of Indian occultism in the world, are totally in submission to the esoteric recognition which promotes Kali and her crafts as the

“predominating power” presently working out most of the manipulations controlling the world of man. These occultists recognize the present age of man as the “Age of Kali” by which the earthmen are ruled by goddess Kali via the love of money, hypocrisy, quarrel, etc.

In the Indian mystical thought, there are four ages (YUGAS) named after their controlling spirits. In the esoteric mysteries of ancient Indian, it is taught that a primordial great psychic entity of the rank of “Manu” operates in one day of Bahma (Creator). Manus are great “Guardian Spirits” in the space operating as the “Fathers of mankind”. The entire spiritual operations of a Manu is divided into seventy one millennium known in the Sanskrit as “Divya.” And Divya is again divided into four ages (Yugas) named after their controlling entities, such as:

- i. Satya/Yuga,
- ii. Treta/Yuga
- iii. Dvapara/Yuga and
- iv. Kali/Yuga.

The present age of man is called Kali – Yuga. The greatest fire occult sacrifice ever conducted on earth, was performed in Egypt in the 13th century B.C, during the reign of Pharaoh Ramesses II. This was conducted to

inaugurate the Kali Yuga by an avatar then in Egypt, called Gopal Das. It is taught that this Kali – Yuga will still last on earth for hundreds of years to come. (But the Lord our God will frustrate the devices of Satan, in Jesus Christ name ,Amen.)

“There shall not be found among you any one that maketh his son or his daughter to pass through the fire.”

During my first Cosmic Initiation of the Operation Starlight, conducted in the Gobi desert by the “Masters” of the Witches of Abra Melin, I danced around a burning fire for 108 times, as part of the initiation ceremony. This initiation covers a total of 340,000 degrees of Astro-metaphysical powers.

In some secret societies, there is also what is called “Fire Purification” performed during one’s initiation into the occult. In the past in which I was a Grand Master, I used to initiate my “chelas” (students) via fire purification. During such initiation, I will sit on a throne while the disciple to be initiated will sit on a so called “holy mat” before me. About 3,7, or 20 lambs of fire called “arti-light” will be burning between the disciple and myself.

Consequently, the disciple must PASS his hand THROUGH these lambs of fire so as to receive the symbol of initiation from me – the officiating Guru. Thus we were taught by spirits that both the symbol of

initiation and the disciple are purified in the “Sacred Fire” through this process. But this is an abomination before the Lord. It is only the Perfect Blood of Jesus Christ that can totally purify the earthman. “There shall not be found among you any one that maketh his son or his daughter to pass through the fire... for all that do these things are an abomination unto the LORD”. Remember that the devil is out to make evil to appear as good so Ωηατ Βελιεπερσ Σηουλδ Κνοω....

Furthermore, the system of occult initiation into the mysteries of the kingdoms of darkness, by which one could pass through the fire, was also practiced in the ancient Egypt, Babylon, Tibet, Persia, and others. This craft even flourished in Jerusalem in about 712 B. C., during the reign of Manasseh.

Manasseh himself was a master in the crafts of the esoteric mysteries of Egypt, Persia and Babylon. He rebelled against the true worship of the Almighty Jehovah and built altars in the land of Judah for the worship of the “host of heaven” – psychic entities operating as “Planetary Spirits”. (See 2 Chronicles 33:1-13). The Scripture further reported of his abominations thus:

“And he caused his children to pass through the fire in the valley of the son of Hinnom: also he observed times and used enchantments, and used witchcraft, and

dealt with a familiar Spirit and with wizards: he wrought much evil in the sight of the LORD to provoke Him to anger”

- 2 Chronicles 33:6.

“So Manasseh made Judah and the inhabitants of Jerusalem to err, and to do worse than the heathen, whom the LORD had destroyed before the children of Israel. And the LORD spoke to Manasseh, and to his people but they would not hearken”

400
- 2 Chronicles 33:9,10.

Manasseh and his people (disciples), acting under the authority of the powers of darkness, were convinced that the so-called “Great powers of the Occult” will help them overcome the wrath of the God of their Fathers – JEHOVAH. Thus they refused to hearken to the voice of God, just like many are doing today: “And the LORD spake to Manasseh, and to his people; but they would not hearken”. But could their occult manipulations help them to overcome the wrath of God? Never! Listen to what happened to them due to their attachment to psychic crafts:

“Wherefore the LORD brought upon them the captain of the host of the king of Assyria, which took Manasseh among the thorns, and

*bound him with fetters, and carried him to
Babylon “*

- 2 Chro. 33:11.

If you are directly or indirectly in Babylon, Christ can still save you if you call upon him. All that God wants you to do is to repent of your sins, forsake them and then totally submit to Christ as your only Saviour. In this connection, Manasseh⁴⁰ finally did something which we must appreciate. While in Babylon, he repented of all his sins and consequently acknowledged Jehovah God as the only Living Power. Then the Lord blessed him, forgive his sins, took him out of Babylon and brought him again to Jerusalem.

“And when he was in affliction, he besought the LORD his God, and humbled himself greatly before the God of his fathers; And prayed unto him and he was entreated of him, and heard his supplication, and brought him again to Jerusalem into his Kingdom. Then Manasseh knew that the LORD he was God”.

- 2 Chro. 33:12,13.

One that useth divination

Divination is a psychic process of using the metaphysical powers of the occult to manipulate and investigate the

“unknown” in order to learn of what had happened in the past, what may happen now, or what could happen in the future. And this ancient esoteric art is still in progress in various forms of psychic science of our time.

Different paraphernalia are required for divination, such as deities (images), occult mirror, Kola-nut, beads, cards, liver and intestines of dead men or slaughtered beasts, and precious stones, to mention but a few. The Abra Melin adepts of the ancient Babylon were great masters in the various forms of divination.

This was relatively confirmed in the book, Magic, Supernaturalism, & Religion, which has it that the esoteric adepts of Babylon:

“...Were masters in the art of prescience, predicting the future from the livers and intestines of slaughtered animals, from fire and from the brilliancy of precious stones; they foretold events from the murmuring of springs and from the shape of plants Atmospheric signs, rain, clouds, wind, and lightning were interpreted as foreboding; the cracking of furniture and wooden panels foretold future events. Flies and other insects, as well as dogs were the carriers of occult messages”

There is also a very higher esoteric manipulation by which image are used for divination. In the Indian esoteric mystery, there is what is called “Agra-vigra” in the Sanskrit parlance, which means “God in the deity form on the highest level of occult mysteries, there is a process through which a Grand Master or Avatar could install the “Life Energy of the Cosmic Forces” into an image to the end that the image, could speak in the secret sanctum and be used for the art of divination. It could be through this same process that the image of the “beast” (Antichrist) will speak at last to the earthmen:

“And he deceiveth them that dwell on the earth, by the means of those miracles which he had power to do... And he had power to give life unto the image of the beast, that the image of the beast should both speak, and cause that as many as would not worship the image of the beast should be killed”.

- Rev. 13:14,15.

In esoteric mystery, it is taught that whenever a Grand Master or an Avatar installs the “Life Energy of the Cosmic Forces” into an image, the “Most High God” will project his power directly into the image. And that by virtue of this, the image becomes worthy of worship, because it is then “God in the image form” (Agra-vigra).

To this end, several images are being worshipped and used for divination in different societies. In the City of Puri, India, three great images called “Lord Jaganatha” are installed in the Jaganathan Temple and worshipped as “God.” The highest deity (image) of the International Society for Krishna Consciousness in the whole Africa is presently installed at Benin City, Nigeria. These are the greatest Gaudiya powers called “Radha & Shyamasunder”. These two images (deities) are also invoked and worshipped now as the “Lords of Africa”.

490

Some masters of Indian occultism use the image of Saraswati for divination. Saraswati is worshipped as the “goddess of knowledge” and as the consort of Lord Brahma. The image of Govinda, Hanuman, Krishna, Caitanya, Rama, Prabhiepad, among others, are worshipped. It is important to note that in many secret societies, people worship these images in the sincere thought that they are worshipping the “Almighty God or His Representatives in an image form”, But then they are all sincerely deceived. For thus says the Lord:

“Thou shalt not make thee any graven image, or any likeness of any thing that is in heaven above, or that is in the earth beneath or that is in the waters beneath, the earth: thou shalt not bow down thyself unto them nor serve them: for I the LORD thy God am a jealous God, visiting the iniquity of the

fathers upon the children unto the third and fourth generation of them that hate me”

- Deut. 5:8,9.

In the ancient Babylon, the Witches of Abra Melin were also masters in the occult art of the worship of images and of using same for divination. The three greatest images used for divination in Babylon include that of Nimrod, Semiramis and Tammuz. (Tammuz, known as Shammus to the ECK Masters, is one of the “Ascended Masters” of the Eckankar Society.)

Semiramis was the wife of Nimrod, the son of Cush. “And Cush begat Nimrod: he began to be a mighty one in the earth. He was a mighty hunter before the LORD: wherefore it is said, even as Nimrod the mighty hunter before the LORD. And the beginning of his kingdom was Babel (Babylon). . . .” Gen. 10:8-10.

Nimrod founded Babel or Babylon in 2,132 BC. Indeed Nimrod’s kingdom is the first kingdom of man mentioned in Holy Scriptures. The Jewish encyclopedia vol. 9 (Page 309), spoke of Nimrod as “He who made all the people rebellious against God”. In the secret coven at the headquarters of the witches of Abra Melin, located in the Gobi desert around Afghanistan the image of Nimrod is being worshipped as “God (Avatar), but there they call him “Sat Ragun” – Lord of the Great Babylon

The renowned Jewish historian, Josephus, in his book Antiquities of the Jews, ”spoke of Nimrod thus: “Now it was Nimrod who incited them to such an affront and contempt of God. He also gradually changed the government into tyranny, seeing no other way of turning men from the fear of God. The multitudes were very ready to follow the determination of Nimrod; and they built a tower, neither sparing any pains, nor being in any degree negligent about the work: and by reason of the multitude of hands employed in it, it grew very high” Josephus continued: “the place wherein they built the tower is now called Babylon.”

After the death of Nimrod, his wife Semiramis had sexual intercourse with some astral entities – spirits of the air. Consequently she gave birth to her son Tammuz. Tammuz himself was also proclaimed and worshipped in Babylon as an “incarnation of God”. The images of fire, animals, pillars or trees were also used to represent Nimrod, Semiramis and Tammuz, whilst such images were usually consulted for divination. Even Nebuchadnezzar and other kings of Babylon were highly involved in this art of divination – consulting of images.

⁴⁰⁷
In one occasion, the Bible reported that “the king of Babylon stood at the parting of the ways, to use divination: he made his arrows bright, he consulted with images, he looked into the liver (Ezk. 21:21). Divination through “Agra-vigra” is an occult process by which the

powers of darkness speak to the earthmen. This is an abomination before the LORD!

“There shall not be found among you any one... that useth divination”. One of the greatest occult books on earth used for the art of divination is the ancient Chinese book called I CHING or the BOOK OF CHANGES. The esoteric principles of I Ching was received from great rulers of the psychic world by the masters of Abra Melin and was consequently sustained on earth via oral tradition. This continued until the 12th century BC when it was finally compiled in a book.

As a matter of fact, there are different forms of divination practiced all over the world. For instance, the art of Graphology is a form of occult divination used by modern psychic masters. Graphology is the art of divination via the analysis of one’s handwriting. Through psychic occult powers of extrasensory perceptions (ESP), psychic forces could assist a graphologist to discover the character, interest and weaknesses of an individual through his or her handwriting.

Furthermore, palmistry is another form of divination used by the modern psychic masters. Palmistry is the occult process of predicting one’s future or present character, through the lines and features of his hands. Natal astrology, geomancy, physiognomy, tarotcards and shadow-reading, to mention but a few, are various forms

of divination hitherto in progress among different agents of psychic crafts all over the world.

AN OBSERVER OF TIMES

The occult art of astrology is another form of divination. It is an esoteric or astro-metaphysical process through which one may “observe times” Astrology originated in the ancient Babylon via the Abra Melin. But it was greatly practiced also in Egypt, India, China, Tibet, Assyria, Persia Israel, etc.

Through the art of astrology, which is the same with star gazing, psychic entities operating as "Planetary Spirits" will assist an astrologer, via the unconscious level, to prognosticate or anticipate the interactions between various planets in their heavenly houses, in accordance with the zodiacal signs, in order to counter-balance the malefic effects and nurture benevolent aspects.

In the past I was also involved in this art of divination, especially the natal astrology which has to do with psychic analysis of horoscopes. Today many men and women, boys and girls, usually consult astrological horoscopes in the understanding that the position of the sun, moon, stars, and the planets at the time of birth affects their daily lives in one way or the other. But this understanding is an abomination before the LORD. There is no amount of divination – star gazing, astrology,

prognostication, analysis of horoscopes, that will deliver a wicked man from the wrath of God.

“Stand now with thy enchantments, and with the multitude of thy sorceries, wherein thou has laboured from thy youth; if so be thou shalt be able to profit, if so be thou mayest prevail. Thou art wearied in the multitude of thy counsels. Let now the astrologers, the stargazers, the monthly prognosticators, stand up and save thee from these things that shall come upon thee”.

- Isa. 47:12,13.

In some newspapers the daily astrological analysis of horoscope, based on the twelve signs of the Zodiac, are published. Those who consult such astrological analysis may not be aware that, they are being linked up with the rulers of darkness. However, the analysis of horoscopes could work accurately for a person or group of persons, but this does not make it valid before the Almighty God.

It may be recalled that the demon who took the form of the late prophet Samuel and spoke to King Saul, gave Saul the accurate information of what would happen to him. But this “accurate information” cannot make such an unclean spirit to be clean before the Lord (See 1 Samuel 28:7-20). As long as one is serving demons and heading to hell, demons do not loose anything by telling

him “mundane truth”. Nevertheless, any information received from unclean spirits, as well as the process of divination or otherwise through which such information is received, are abominations before the Lord.

Now, it is important to note that, in accordance with the astro-metaphysical principles of the rulers of darkness, that the life of each and every one outside the righteousness of Christ is ruled or controlled by seven different spirits in every 364 days or one-year. Indeed whatever is existing contrary to the will of God in the world of man, whether it be marriage, business, etc., is controlled by seven spirits each year. These spirits are powerful entities operating as the “Guardian Angels of Fate and the Cycles of life”. They are psychic entities within the occult kingdom of the earth.

For instance, if one who is not fully in Christ starts a business or marry on the 1st day of April, for instance an entity will be assigned to control that business or marriage from that day. As a matter of fact, from the first day in which a human being or any other thing is born on earth, a spirit being is projected to dominate and rule such a person or thing.

Consequently, the spirit that first began to rule the marriage, business or the human life, will operate for 52 days, after which the second spirit will operate for the next 52 days. The third till the seventh spirit will take over for the next 52 days each, and these will total 364

days of about a year. At the end of the rulership of the seventh entity, the first entity will start again.

The rulership of each spirit has only one propensity or system of operation. Or better expressed: each spirit has his own modus operandi always maintained by him. And what I do in the past, when people consult me for occult assistance, is to invoke these spirits and inquire of their system of operations. To this end, I could discover, for instance, that the first spirit ruling one's business does not want him (the businessman) to borrow money within the 52 days period of his rulership. If the man does not comply, his business will collapse. When invoked, each spirit will speak of how he operates.

When I speak of seven spirits, I mean that the life of a carnal man, marriage, business or otherwise, each is ruled by seven spirits. When the operations of these seven spirits are discovered for a particular thing, one would be commanded to observe the principles of the time (period) of their operations. This is an abomination before the Lord. "there shall not be found among you... an observer of times". It is only those living fully in Christ Jesus that can overcome and destroy the manipulation of these so-called "Guardian Angels of Fate and the Cycles of Life". There is now no condemnation to those which are in Christ Jesus..." (Rom. 8:1.)

An enchanter

An enchanter is one who, through the metaphysical powers of the occult, makes an enchantment (incantation) from time to time in order to achieve something. The art of incantations or enchantment is practiced by all psychic master ω Ωηατ Βελιεπερσ Σηουλδ Κνοω....

In the esoteric thought of India, there are different "mantras" used for enchantments to bewitch people. A "mantra" is an esoteric sacred formula with the invisible psychic powers. This could be used not only to bewitch people, but also for initiation into a secret society. Thus a "mantra" could be repeated in prayers and incantations especially by the initiates seeking liberation.

In India, there are major mantras used for chanting incantation in each of the four leading ways of "moksha" (liberation), known as:

- i. Raja Yoga,
- ii. Jnana Yoga,
- iii. Bhakti Yoga, and
- iv. Karma Yoga.

The Guadiya Society of India, for instance, is the greatest ancient society in India following the 3rd way of "Moksha" – the Bhakti Yoga system. (The Sanskrit word

“Moksha” – means “liberation” from the limitations of gross material body via the system of Yoga).

Furthermore, the greatest master of the Gaudiya Society in our time, is Swami Prabhupad, founder of the International Society for Krishan Consciousness. It was he who brought the chanting of the greatest “mantra” of the Guadiya Society to America, Africa and Europe. This is called the “Maha Mantra” (Supreme Sound Vibration.) The chanting of this Mantra goes thus: “Hare Krishna, Hare Krishna, Krishna Krishna Hare Hare, Hare Rama, Hare Rama, Rama Rame Hare Hare.”

The chanting of the “Maha Manta” is done in worship of the greatest Avatars, such as Krishna and Rama. A devotee must chant these words –Maha Mantra - for above 1700 times every day. This is another way of invoking the powers of Krishna and Rama.

“There shall not be found among you... An enchanter”. Magicians are also very prominent in this manipulation of enchantments or incantations. Through the esoteric process of occult enchantments, spirits of the elements of the earth, water, air, (sky) and fire, could combine to project powers to work with a true magician. With such psychic powers, therefore, even an ordinary paper in the hand of the magician could be seen as money by those watching him. This was among the things I did in the past.

The duty of such spirits include to manipulate and bewitch the sight of those watching their agents (the magician), so that “the more they look the less they see”. This is an abomination before the Lord! Now be warned that anyone engaged in¹⁵ watching the enchantment and incantations of a magician, is by so doing exposing himself to the manipulations of the forces of the occult.

A WITCH

In a literal sense, a witch is a sorceress or any female agent of the forces of darkness practicing the art of Black, White, Kali, or Abra Melin witchcraft. But in a relative esoteric parlance, the word “witch” applies to both the male and female agents of psychic powers practicing witchcrafts – Witches and Wizards.

One of the most active physical society or organization of witchcraft on earth now, is the church of Wicca, founded in the United States by Archbishop Frost. Other great witchcraft secret societies include The Royal Order of Witchcraft, Research Bureau of the Twilight Zone, Gardneria Covens, Order Templi Orientis and the Church of the Eternal Sources, to mention but a few.

The spirit of witchcraft have unlimited ways through which they manipulate the earthmen. Also, in the realm of spirits, a witch could kill his wife, or her husband, child, mother, father, brother, sister, or friend, in order to achieve promotion within the kingdoms of darkness.

“Thou shalt not suffer a witch to live” (Exo. 22:18). All forms of witchcraft are abominations before the Lord!

A charmer

A charmer is one that uses the metaphysical powers of the occult to hypnotize and manipulate another person in one way or the other. The psychic powers used as charm to influence and dominate another person, could be projected and concentrated in amulets, deities (idols), rings, talismans, etc.

All witches and wizards have occult power to charm another person. In the past I used different paraphernalia to charm many people. Such paraphernalia include one’s semen, fingernail, sweat, excreta, hair, etc. This craft is a great abomination before the Lord!

A consulter with familiar spirits

This is a highly possessed psychic agent operating as the medium through which great entities functioning as “Second Personalities”, “Invisible Teachers”, “Spiritual Guides” and “Ascended Masters”, could speak to the seekers of occult and esoteric knowledge. I once served on this degree. Indeed there was a time that the invisible forces spoke through me to many people on a seance twice every week.

Now, this process of consulting with familiar spirits is done via an esoteric and astro-metaphysical crafts called

“Cosmic Transmission” in the mystical parlance. This is a process through which a very powerful spirit could directly speak through a well trained “cosmic agent”. And whatever a spirit being says through this process of “cosmic transmission” is proclaimed as an absolute fact and could be published as such. Some times a great psychic could speak through this process and claim to be the “Almighty God”.

It is necessary to state at this point that through this cosmic transmission, or consulting with familiar spirits, many great occult, mystical, religious, esoteric, metaphysical and psychic books have been written and published. The contents of such books are the doctrines of the fallen angels, which are made to appear as the true teaching of the Almighty God, so that those who read and follow such books could be led astray – enslaved!

“Now the spirit speaketh expressly, that in the latter times some shall depart from the faith, giving heed to seducing spirits and doctrines of devils”

- 1 Tim. 4:1.

“Beware lest any man spoil you through philosophy and vain deceit, after the tradition of men, after the rudiments of the world, and not after Christ”.

- Col. 2:8

The so-called “great books” which were written through cosmic transmission include the following: Divine Iliad, Unto Thee I Grant, The Book of Zohar, Holy Koran., Watcher in the Night, The Book of Mencius, Key to the Secret Worlds, Doctrines of the Ten Immortals, Srimad Bhagavatam, Guru Grant Sahid, the Doctrine of the Mean, The Book of Mormon, The Grail Message Vol. 1-3, The Most Holy Book, The teachings of Lord Yima, The Teachings of Lord Caitanya, Bhagaved Gita, Lotus Sutra, I Ching, Shariyat-ki-Sugmad, The Secret Doctrines of Jesus and the Tetrabiblos, to mention but a few. These books and many others are specific channels through which one could be linked up with the higher esoteric powers. If you have any of these books, please destroy them and worship only the true Lord of the universe – Jesus Christ. These books and their philosophies are abominations before the Great Almighty Jehovah and the Lord Jesus Christ, for as long as they do not recognise the *Βλο Ωηατ Βελιεπερσ Σηουλδ Κνοω....* ion.

A WIZARD

419

A wizard is a male operating with the clairvoyant powers of the occult, or any male involved in the art of Kali, Black, Abra Melin, or White Witchcraft. A wizard operating with the powers of darkness, could project into another person, or beyond locked doors and other solid

material elements to do evil. This was what I did in the past when I was a wizard of the Abra Melin Witchcraft.

Furthermore, a master of the Abra Melin could manipulate people and cause them to worship him as God. For instance, most of those who are being worshipped as “God” on earth were masters of the Abra Melin Witchcraft.

Simon of Samaria, mentioned in the Bible, is a true example of how a wizard could bewitch people and cause them to worship him as “avatar” – the manifestation of the Supreme Power of God. (See Acts chapter 8 verse 9). Wizardry is a great abomination before the Lord. “Thou shalt not suffer a witch to live”.

A NECROMANCER

Necromancy is another form of divination. It is the occult art of communicating with the “dead” in order to learn or discover something, such as the future. This occult art is another craft practiced by the Witches of Abra Melin.

420

Nevertheless, necromancy is a process of higher esoteric manipulation of the great rulers of darkness. This is so because through this process, an esoteric entity could disguise himself in the form of a dead man or woman to speak to the earthmen. This is designed to deceive the earthmen to believe that “the dead could be invoked to appear physically again via the powers of the occult”.

“For all that do these things are an abomination unto the LORD” .

QUESTION 1: Good afternoon listeners. You are welcome to our current affairs programme – Spotlight. Today we have a distinguished personality: His Divine Grace, Harbinger of the Last Covenant, the Prophet (Evangelist) Iyke Nathan Uzorma. He is the Convener and Founder of the Committee of Light Worldwide. And by the grace of God the Former Occult Grand Master, Guru and Avatar who found Christ.... Harbinger, Sir, we have a tradition in this programme where listeners would wish to know more about you. Please give us a little profile of your past life and works in the occult world.

RADIO RIVERS

Port Harcourt, Nigeria.

IYKE NATHAN UZORMA: First of all, in speaking of myself and the occult, I would like to go to the basis of the primordial connection beginning from my birth. For instance, I was born in Isunjaba, Imo State of Nigeria. Isunjaba is a clan which has a central deity called Njaba. This deity is a predominating esoteric force that extends its manipulations from Isunjaba to places like Nkwere, Amaigbo, Amucha, Ekwe, Umuaka, among others.

Before I was born there was a proclamation via an oracle that I was a projected incarnation of the Njaba entity. So from my birth there was that recognition that Njaba has come in human form. Physically, however, this deity has

strange snakes that do not bite people of our area, but they bite any visitor said to possess vicious intention.

Consequently, this became the prime source of my involvement in occultism and esotericism, culminating in my mastership in diverse crafts of darkness, such as Physiognomy, Necromancy, Shadow-reading, Astral projection, Soul Travel, Witchcraft, Astrology, among others.

I was also the founder of a Secret Cult known as the Centre of Metaphysics and Noetic Sciences or THE COMANS ORDER, which operated from 3rd Akugbe Lane, Benin City, (Nigeria). I was the Living Grand Master and Avatar in the circle of the Order of Astral and Terrestrial Hierarchy. I contributed to advance esoteric mysteries through monographs, ciphers and occult libbers, to mention but a few. It was in the course of my operation in this most exalted peak of occult and esoteric powers that I encountered the true Power of Jesus Christ. The testimony of this encounter and my final submission to the Lord is widely published. Therefore I thank God that today the most important thing is that I am a child of God.

QUESTION 2: Harbinger, from your profile you were a leading Guru of the Occult. What would you say particularly brought you to your present calling?

425

RADIO RIVERS

Port Harcourt, Nigeria.

IYKE NATHAN UZORMA: It is the Power of God! I must confess that my present calling is not by my own making. It was never part of my programme whilst in the occult to one day become born again or become a messenger of Christ.

Those who knew me before can bear witness that I did so many things against believers in Christ. I was sincerely deceived. While in the occult and esoteric systems, men worshipped me as Avatar (Godman). At a stage of mastership, I proclaimed myself to be higher than Jesus Christ. This was sustained by a higher craft of darkness projected into my subjective experience by mighty extra-terrestrial entities, to the end that they deceived me in order to use me to deceive others.

For instance, in those days, especially when I became a Living Grand Master and later an Avatar, an entity used to come to me as Jesus – in the form of the picture of Jesus Christ that we know. This entity used to bow down and worship me in the understanding that I was a higher master of the consummate cosmic degree, while the entity himself acting as “Jesus” in disguise was a master of the lower order. Some entities also appeared as Krishna, Zoroaster, Muhammed, Moses, Gautama (Buddah), Daniel and others to pay obeisance to me from the moment I was crowned Living Grand Master and

Avatar. So I was really sincere on the path of considering myself then to be higher than Jesus Christ.

You see, we were told by the so-called bonafide Ascended Masters in the realms beyond via astral projection, that Jesus was a lower esoteric master who rebelled against his master called Zadok, and was banished after his death into a Kosa prison in the astral plane. It is said that he would be there for the next three hundred years to come.

This same entity acting as Jesus in disguise, whom I met several times in the past and thought to be the real Jesus Christ, met me one day on the Zuma rock (in Nigeria) and asked me: “Do you know why those that worship me use to write INRI on the cross of their Jesus?” I said no. Then he took time to explain this to me as part of higher esoteric secret given to few masters from Africa.

This entity, who also proclaimed himself to be “Jesus Ajonichim” told me categorically that he was the real Jesus Christ who appeared and lived in the world of man. He told me so many things. For instance, he told me that he, as Jesus Christ, was indeed born in Nigeria and that he never was born in Israel as stated in the Scriptures. This information was classified as a higher esoteric secret.

He informed me that Jesus was born at Ilesha in Western Nigeria; that he received Power or was “baptised “ in

Ijebu-Ode also in Western Nigeria; and that he finally died at the village called Nri (Inri) in Anambra State of Nigeria. The information from Jesus Ajonichim holds that because Jesus died at Inri, that is why Christians do write “INRI” on the cross of Jesus Christ. I then as a higher initiate of esoteric mysteries taught that Jesus was a black man, but that the white race came, discovered it and stole the knowledge from the blacks, whilst they distorted the whole thing and sold back to us in the form of Christianity.

This was the basis of my hating the white race in the past. I took it upon myself to fight Christians. There are still others like that today. Sincerely speaking, in those days, whenever I see a white man coming to hold crusade or preach Christ in Nigeria, I strongly feel “yea, these people are coming again to play on our intelligence.” Consequently, I took active part in setting psychic and astral entities in motion to fight such ministry works in one form or the other. This attack may result in multifarious dimensions of catastrophe if the organisers of the programme are not strong and watchful in the Lord.

For instance, remember when Evangelist Reinhard Bonnke came to hold a crusade in Kano, Nigeria. His coming ignited an aggressive religious riot that claimed many human lives and properties. Remember also when the same Bonnke came few years ago to hold crusade in Benin City, Nigeria. During this crusade there was a

stampede in which about fourteen people died. What I am saying is that these occurrences should be seen in the light of invisible warfare vis-à-vis occult manipulations.

Personally, I took active part in the secret warfare projected against the crusade of Reverend Ernest Angelly at Calabar, Nigeria. I must say that the powers of darkness celebrated victory over that crusade, simply because the organisers were under manipulations to the extent that they were secretly involved in diverse iniquities. Many of us came to the crusade in one psychic form or another. I came in the form of a vulture. We sent heavy rain to dominate the venue. Thunder was sent specifically to kill the man of God. He was not killed but the th $\Phi\omicron\rho\ \Psi\omicron\upsilon\rho\ \Gamma\upsilon\iota\delta\alpha\nu\chi\epsilon$ n he was lodged at Metro Hotel. He stopped the crusade and left. I think the Archbishop Idahosa was not happy because of this, thus he came to Calabar and held a crusade, which was very successful. Though our network of darkness challenged Idahosa, but the Spirit of God set him forth to prevail and overcome. This made me to visit Idahosa and to confront him physically. It was in the course of our battle against Idahosa that the Holy Spirit caught me and brought me to the Kingdom of Jesus Christ. He transformed my life. And since then (1992), I have been testifying and proclaiming the Power of the true Christ.

QUESTION 3: How many people can you say you destroyed during the period of your occultic practice?

RADIO RIVERS
Port Harcourt, Nigeria.

IYKE NATHAN UZORMA: What I am doing today is letting people know that darkness is full of manipulations. The kingdom of darkness is full of destruction in all ramifications. I want people to understand that if you are not under the divine protection of the Blood of Jesus Christ, you can be destroyed by darkness at any time, because you are a meat in the mouth of the devil. Now, I don't go about saying I killed this person or that I killed that person. But I want to let you know what the Bible said in Psalms 91 verse 7:

“A thousand shall fall at thy side, and ten thousand at thy right hand; but it shall not come nigh thee.”

The thousand and ten thousand that are projected to fall in the world of man are human beings like any of us. But one thing is that they are people outside the protection of the Blood of the Lamb. Because of this, therefore, they are human beings used for diverse experiment by the powers of darkness. Many of them are destroyed from time to time. But a true child of God is completely above this manipulation. The destruction of darkness shall never come near a child of God. That is why we have been telling people to come to God and be strong in Christ. We are interested in letting people know that there are so many crafts of the Prince of Darkness

designed to bring the “fall” and destruction of whosoever is not in Jesus Christ.

QUESTION 4: The Harbinger, Sir, you along the line mentioned that there were several attacks against Idahosa. Would you say it was this kind of attack that led to his death?

RADIO RIVERS
Φορ Ψουρ Γυιδανχε Nigeria.

IYKE NATHAN UZORMA: Every anointed child of God is always attacked by the powers of darkness. But, again, every anointed child of God is above the devil. During my conversion the Lord told me that His Holy seal is upon Idahosa. I don't want anyone to think that demons or witchcraft killed Idahosa, because those elements have no power over him. When the Archbishop passed on (died) few years ago, the Spirit of God revealed to me that he has fulfilled his mission on earth and is now glorified in the presence of God.

QUESTION 5: Some people are of the opinion that this generation is a wasted one. What is your view about this?

RADIO RIVERS
Port Harcourt, Nigeria.

IYKE NATHAN UZORMA: If we say that this generation is wasted, then to some extent this is relative.

Of course the civilization of this generation appears to be materialistic to a large extent. On this note one can say it is wasted. This is because material gratification of life is inimical to spiritual existence.

However, I think that some people attained legitimate greatness in this generation that is eternally valid in their existence. And to such people, surely this is not a wasted generation. Personally, I am forever indebted to our Lord Jesus Christ for calling me in this generation.

Generally speaking, however, when we compare the generation that is passing away with the generation in which the kingdom of God will be revealed on earth, then the outgoing generation would be seen as a wasted one. This is so because the outgoing generation is that in which the earthman, via his proclaimed sciences, merely advanced an animal propensity. Animals have four major propensities – sleeping, eating, mating and fighting.

These propensities were all advanced in the civilization of the outgoing generation. Take fighting for instance, this is a leading propensity of the beasts of the earth. You may see cats and dogs fighting, you may see goats fighting, among others. So animals fight and defend themselves. Now, man has advanced the art of fighting in the name of defence. Man invented elements of multidimensional destruction, thinking that he has advanced or that he is making great progress, not

knowing that by so doing he has only advanced an animal propensity.

To this end, the earthly scientist in his effort to advance the world of man has only advanced the animal propensities. We need more than the civilization of the beast. We are heading to a spiritual civilization, a sane world in which love will predominate. This civilization – the kingdom of God on earth – transcends the outgoing civilization of animal propensities. And in the light of this, the outgoing generation or civilization is wasted when compared to the coming one.

QUESTION 6: May we know if you inherited your former occult powers from your parents, or how?

RADIO RIVERS

Port Harcourt, Nigeria.

IYKE NATHAN UZORMA: As I earlier said, when I was conceived there was a statement by an oracle that the deity known as “Njaba” was coming in a human form. This was the foundation of my involvement into the mystery of the occult and esoteric systems.

Let me quickly add that some people are wrongly of the opinion that it is not possible for me to be born again by the Holy Spirit, because of the fact that it was said that I was a deity. Such people do not recognise the essence of the Power of God. First of all, as far as my present life in

Christ is concerned, that I was the Njaba deity is seen by me as one of the great fallacies of the wicked spirits. Even if I was, however, having the thinking that God cannot change me completely negates the efficacy of the Words of Jesus Christ that *“With God all things are possible”* (Math. 19:26)

The Lord has specifically spoken to me on this subject matter. He brought me to the recognition that it was God who took away the heart of a man from Nebuchadnezzar and gave him the heart of a beast. At last the same God took away the beast heart and restored unto him the heart of a living man (see Dan. 4: 28 -37). To me, all I know is that the Lord has taken whatever “heart” of powers of darkness that was planted in me, and has given me the HEART and SPIRIT of His Son to uphold His Divine Light and Truth. This is the mystery of deliverance.

QUESTION 7: The Harbinger, Sir, most people think that the clergymen of these days derive their power in one way or the other from the occult. As a former grandmaster, don't you think you are combining your former power with that of God to perform healings and miracles?

RADIO RIVERS
Port Harcourt, Nigeria.

IYKE NATHAN UZORMA: I don't perform healings and miracles, but God does these and much more through

me. Howe Φορ Ψουρ Γυιδανχε st in the spirit realm at Enugu during a peice occult operation. But on the physical aspect, the Deeper Life Bible Church, Abakpa Nike District, Enugu, witnessed my conversion or deliverance. The pastor (Co-ordinator) of this church, Pastor Augustine Nkwaezema (a senior staff of NEPA, Abakpa Nike, Enugu), informed the then Enugu State Region Overseer of this church, Pastor Alfred Itiowe, of my conversion experience.

The Region Overseer told me to stay with them and know more about the Lord before returning to my main base, Benin City, to destroy my sanctum – in a storey building of four flats. For two months, I was under the daily care of the church. Pastor Itiowe, Pastor Nkwaezema and Brother Charles Eruese, among others, were great channels in Enugu through which the Lord sustained me on the path of Light.

After my water baptism, the Enugu Region Overseer wrote the Benin Region Overseer (Pastor Esho) about me. Consequently, I returned to Benin City and the church burnt all my occultic materials: (books, seals, robes, ciphers, libbers, projection elements, astral mirrors, symbols, deities, staff of the grandmaster, magnetic handkerchief, astral and etheric gem-stones, chacravarti, certificates, invocation beads, operation starlight weapons, Avatar-Matt and Chitanam ash-yajna, to mention but a few.)

What I am saying is that by the Almighty Power of the Living God, each and every link I had with the Prince of Darkness has been completely destroyed. If any person thinks therefore that the miracles the Lord does through me are done via occult powers, such a one is trying to bring to naught the true limitless Power of our Lord Jesus Christ. In my book BEHOLD I GIVE UNTO YOU POWER, you will see that I spoke of various degrees of invisible powers or subtle powers, such as mental power, emotional power, psychic power, occult power, esoteric power and spiritual power. Spiritual power is the true power of Christ and starts from where esoteric power ends. The Power of Christ is endless in eternity, and I am truly satisfied that this Supreme Power has placed me above the devil.

QUESTION 8: Sir, we are not trying to deny that the power of God is above all. But we are saying that most prophets – most men of God – combine some aspects of occultism in their practices and this can never be denied. We don't know what your own case is, but we know that you were formerly in the occult. We think there is no way you can completely leave the occult, even if you had burnt the occult materials. How do you react to this?

RADIO RIVERS

Φορ Ψουρ Γυιδανχε Nigeria.

IYKE NATHAN UZORMA: I want you to understand first of all that there are false prophets. I had already

exposed their crafts as well as their modus operandi in my book – THE SPIRIT REALM VOL. 1. They can disguise some aspects of occult power and use same to trap people in the name of the Lord. But there is a limit to which they can go. They exist for the Scriptures to be fulfilled. Our Lord Jesus Christ had made it clear when he warned:

“Beware of false prophets, which come to you in sheep's clothing, but inwardly they are ravening wolves. Ye shall know them by their fruits....”

- Math.7: 15–16.

Secondly, we must understand that with God all things are possible. When I say that God converted me to Christ with His Powerful Hand, I am not saying that to please any human being neither am I doing so to be recognised in the world of man. Some people think that I have been abased because I came out of the occult. But I have also made it clear that my coming out of the occultic set-up is an elevation granted me by the Holy Spirit through Christ.

Look, I practiced occultism very deeply and made money in the process – money that was invoked from time to time. So I never lacked money in those days. So money is neither the motivating⁴ factor nor the power that brought me to Christ. Do you understand? In those days

there was a period I lived in a hotel in Lagos for eighteen months and wasted 23 million Naira, which was invoked solely for the purpose of sharing as a trap.

The prime basis why I am today born again in Christ is because Jesus Christ is real. The Power of Christ is the Sole Supreme Force that brought me to Him. And by His special grace I do experience His Power daily. I believe, but more than this, I know that His Power is real. The Power is there forever, just as it was in the beginning.

We are interested in letting people know that the Power of God is not just a matter limited to going to church and singing some hymns neither is it a matter of emotional phantasmagoria We are saying and demonstrating practically that there is something more than these. We are saying that the very Supreme Almighty Force, which resurrected Jesus Christ from the grave, is still available now. The Power that quenched the fire of Nebuchadnezzar against the three Hebrews and delivered Daniel from the Lions den, even the Power that divided the Red Sea in the days of Moses, is still here now. Let me tell you this: this Power is even present now more than it was in those days. You may or may not know, but I speak today from a point far above what I was in darkness. I am by grace the Lord's Harbinger of the Last Covenant. I hold the key to speak on behalf of His Spirit in the world of man.

For instance, let me recall that in 1994 I proclaimed and published the decree of the Holy Spirit upon this country (Nigeria) that: No coup will succeed again in Nigeria. This is what the Power of God can do. You see, when I came to the Lord, I began to expose the game of enslavement against Nigeria. The Lord spoke and I proclaimed what He said. That is the mission of the Prophet. It was the Lord who made it known to me that no coup will succeed again in Nigeria. This is the reality. On the ground now. You understand? The Lord has used me to bring the dead back to life, heal the barren women and bless them with children from God, destroy the yoke of darkness, deliver the oppressed, and to heal the sick, among others.

QUESTION 9: Harbinger, you said the Lord told you that 'no coup will succeed in Nigeria?' How did you know that the Lord spoke to you?

RADIO RIVERS

Port Harcourt, Nigeria.

IYKE NATHAN UZORMA: It is said that to be forewarned is to be forearmed. Whosoever tries such a thing again in Nigeria will know from his own experience that the Holy Spirit has truly abolished the yoke of coup in Nigeria. 440

When I came to the path of Jesus Christ, I began to expose the manipulations of the powers of darkness. I

wrote a book entitled: OCCULTIC STRONGHOLDS IN NIGERIA AND THE REST OF THE WORLD. In this book I spoke of an entity (spirit being) whose abode is somewhere outside Kano (Nigeria), and who is said to have been there for the past 400 years. This entity told me that he came to Nigeria from Mauritania. He and another entity, who claimed to be the “Controlling deity of Nigeria,” were in charge of the secret net-work of the yoke of enslavement of Nigeria via the power and craft of coup.

Now, I took active part in a great battle that was fought against these entities. Their yoke upon Nigeria has been broken to the victory of the Power of God’s Kingdom. You know, the power of coup is the power of enslavement. Just imagine where few army officers will rise up over night and proclaim, “Fellow countrymen, we have taken over the government.” That is completely absurd – it is armed robbery. It is a process of robbing a nation and setting it several years backward. Now, that chapter is closed. The battle has been fought and won for the Light. I made this known as far back as early 1994. The Holy Spirit set this victory up even before then.

QUESTION 10: In those days ⁴⁴¹ where do you hold your occult or witchcraft meetings? Was it on top of a tree, inside water, or where?

RADIO RIVER,
Port Harcourt, Nigeria.

IYKE NATHAN UZORMA: First of all, we must understand that there is a great difference between the gross material nature of the earthmen and that of the entities, especially mighty disembodied spirit beings, in the higher metaphysical systems of reality.

For instance, such higher and mighty spirit beings do not use permanent structures. There is not a permanent city or town also in which they dwell. This does not mean, however, that they are off in empty space. They do not even perceive space the way we do. Furthermore, they are capable of forming whatever images they want to surround them, or which they want you to experience. I am speaking here from the highest esoteric experience unknown in the lower esoteric stratum. Now, this is even difficult to explain.

For further example, spirit beings and their higher human representatives can meet on a tree. Theoretically speaking, this tree can be located near your house in physical space, but the distance between you and the venue of this meeting on the tree would have nothing to do with space as you know ⁴⁴² it. If you are thinking in terms of distance, then you would be more separated from that venue than if you were, say, on the moon. The distance or barrier exists, however, not in terms of miles but on the basis of psychical intensities. What human beings interpret as miles are experienced as psychic intensities by higher spirit beings.

Having said these, let me also add that there are so many meeting points of this nature in different parts of the world. I have spoken of them in most of my books.

QUESTION 11: Can you recall and expose some of the things you did in the occult world?

RADIO RIVERS

Port Harcourt, Nigeria.

IYKE NATHAN UZORMA: Firstly, there is a marked difference between occult operation and esoteric operation, even though they all exist in the realm generally known to believers as principalities and powers of darkness. It is also true that, to the believer, all psychic crafts, occultism and esoteric metaphysics are proclaimed to be occult or occultic. But speaking strictly on my past occult operations, there are several things that I did which are inimical to human existence, or which are very repulsive both to God and man.

In the past I made some women barren via occult powers. I assisted some of my female agents to make some men impotent. This is done when the man goes to have sex with such agent. During the sexual act, certain elements can be projected to block the manhood by means of craft. There is also an occult oil mixed with some astral element. When a man applies it on his manhood and makes “love” (sex) with a woman, the

womb of the woman will be invoked, through it. Woman’s womb is used to invoke money. When one’s womb is invoked and taken away for money ritual via sex, physically speaking the womb could be said to be there, but spiritually speaking it is no longer there, thus the woman will be barren.

I was also a master in the art of constructing diverse psychic experiences (dreams) to enslave and weaken people. The act of eating unwanted food in the dream, having sex in the dream (especially illicit sex), among many others, are very important in this regard. People were also made very poor: this we did through the money they gave out to our members.

In those days, I also read the Holy Bible from Genesis to Revelation five times. But ~~you~~ you must understand that by so doing we ended up perverting the sacred essence of the Holy Scriptures. We also by so doing misused the Word of God, and by manipulation used same to promote most of the devices of the forces of darkness.

Now let me give you an example. In Matthew chapter 18 verse 3, Jesus Christ said: *“Verily I say unto you, Except ye be converted, and become as little children, ye shall not enter into the kingdom of heaven.”* True children of God know that this is a very important teaching of Christ on humility and purity of heart Little children were used as example by Christ because of their simplicity which is necessary for spiritual growth.

However, in the past we placed this statement of Jesus Christ on a “higher esoteric truth.” And it formed part of the basis of what is metaphysically classified as “the secret doctrines of Jesus”. To this end, the “Kingdom of heaven” spoken of here by Christ is said to be the “highest plane of the cosmic forces.” When one is projecting out of his body into the spirit realm via the occult or the esoteric process, he projects out through certain “chakras” - psychic centres located on the human body.

445

Consequently, if one is on a lower metaphysical stratum or degree, he may project out via the sex organ, the organ of excretion, or the navel. The lower earthmen who are only and strictly involved in the perpetration of black witchcraft, project out of the body either through the private part or through the anus. Those on this level are on the lowest degree of the craft of the so called “Cosmic Forces.”

Briefly expressed: the heart centre, the centre between the eyes, among others, are some of the locations from which one can project into the higher spirit realms. The highest of them all, from where one could project into the highest system of the “Cosmic Force,” is the vertex of the head. This portion is very soft on the head of babies. Now when one comes to this level of development in which he can project via this centre of the head, it is assumed from the esoteric point of view

that he is “converted to become like little children.” I was an avatar in the past; and all true avatars can travel into the highest esoteric system via the vertex of the head. We were told that this was the true meaning of the sayings of Christ in Matthew 18 verse 3.

Another example is where Jesus Christ categorically said: “*Verily, verily, I say unto you except ye eat the flesh of the Son of man, and drink his blood, ye have no life in you*” (John 6: 53). Again, we understand as true children of God that Christ ~~was~~ speaking here of the life which He came to give us through His death on the Cross. His flesh (body) was nailed on the Cross wherein He shed His Holy Blood for us to have life. (“*I am come that they might have life*” – John 10:10). To eat His flesh then, as well as to drink His blood, so as to have life, mean nothing else than that we must accept that He died for us, and that there is no other means of salvation - life – other than this.

Nevertheless, in the world of the occult, a complete wrong interpretation is given to this sayings of Christ, and is held as the consummate basis of human sacrifice as well as the art of eating human flesh and drinking human blood. Then it was taught that the best way to have life – strengthen one’s life current for the advancement of higher psychic crafts – is to eat the flesh and drink the blood of a “son of man,” that is any human being male or female.

There are so many other chapters and verses of the Holy Scriptures that are totally perverted in like manner. So my reading the Holy Bible five times in those days was only to advance the crafts of darkness. One of my friends then even read the Bible about seventeen times for the same purpose. But do⁴⁴⁷ you know that I have discovered now that some believers don't take the reading of the Bible serious. It is sad to say that some believers have not read the Bible from Genesis to Revelation even once. It ought not to be so. We should read the Bible far more than the agents of darkness.

In those days also, I had an occult mirror. This was used in diverse ways to invoke and lock people. Details of the use of this mirror, how we used it to assist women to ruin many homes, with many other related vital exposition not connected with it, are to be published in my coming book .

QUESTION 12: The Harbinger, Sir, you are doing a great work in exposing the powers of darkness. And it is a plain truth that your former colleagues will certainly not be happy with you. Have you had any opposition or confrontation with them?

RADIO RIVER,
Port Harcourt, Nigeria.

IYKE NATHAN UZORMA: I am in a battle field and the war is on. The war has not ended. This warfare is not

against fellow human beings, but against psychic and metaphysical forces of the realms beyond. Of course there are human beings serving as agents of these entities, some of them even worked with me in the past. Many of them have been converted to the path of Christ, however. ⁴⁴⁸

I am aware that the powers of darkness and their human agents in high and low places would certainly be fighting against me. Some of these agents are even afraid that I may start exposing them, mentioning their names and telling people the specific evils they had committed. But to me I don't have any reason to fear. I don't even care any more about what the powers of darkness can do. I am confident that the Blood of our Lord Jesus Christ is more than enough to protect me.

The powers of darkness have a limit they can reach, but my Lord is limitless, He is multidimensional in eternity. Before they can get to me, they must first overcome my Lord. And woe to any of them that shall go in battle against the Lord of Hosts. This is the true situation of things. I am not holding the Lord with my power, because if this is the case I may fall. But the Lord is holding me with His Great Power and I can never be defeated by darkness. Of course sometimes they go about spreading one form of lie or the other against me. There was a time I heard that they were saying that I had gone back into the occult, that I had gone mad and moving

naked in the streets, and many other related lies. Yes, Satan is doing his work, he is the father of lies.

QUESTION 13: You said that there are spirit beings in other planets. What evidence do you have, and how would you convince people to believe this?

B.B.C. RADIO

London, United Kingdom.

IYKE NATHAN UZORMA: What I am saying is that there are more than the eyes can see; the Bible says that “.... *We wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world against spiritual wickedness in high places*” (Eph. 6:12).

I can say categorically, by virtue of my past metaphysical experience, that the environment of spirit beings exist subjectively in different planets and realms of the universe, including the earth and the sea. For instance, there are mighty spirit-entities in such planets as Uranus, Mercury, Saturn and Venus, operating in the circle of the Cosmic Brotherhood of Space Masters, who are visiting and monitoring the earth planet with the aim of coming to live in Europe and North America before the year 2020A.D. Some of these entities are the operators of powerful subtle elements as well as strange and sophisticated spacecrafts often called “unidentified flying objects” (UFO), or “flying-saucers”.

In the past I visited a spirit realm in the space called Svetavipa, through inter-planetary astral projection, or soul travel. The entities in this plane of existence are spirit beings operating as custodians of highly concentrated occultic energy-essence used in diverse spiritual and psychic attacks against human beings. On this plane, Svetavipa, is a mighty ocean of milk. Just as we have the ocean of water in this planet, there are various kinds of oceans in different planets of the spirit realm, such as the ocean of beer, the ocean of fire, the ocean of sacred ash and the ocean of honey, to mention but a few

The Word of God says that we are fighting “*against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places*”. These forces are not mere human beings, rather they are mighty spirit entities in different planets and realms of existence, who could possess and use a human being as a principal agent.

It is important to note that these extraterrestrial entities, or forces of darkness, do fight human beings in different forms. One of the ways through which they fight to lead men astray is via the promotion and spread of false doctrines and mundane philosophies that are in opposition to the recognition of the reality of the Word of God.

The Word of God is the ultimate source of the perfection of the human-spirit in this creation culminating in the consummate essence of the true worship of the Lord God Almighty. But the forces of darkness are constantly in motion, via vain philosophies, to prevent the bonafide understanding of man in this connection. Thus the Scripture warned:

“Beware lest any man spoil you through philosophy and vain deceit, after the tradition of men, after the rudiment of the world, and not after Christ (Col. 2: 8).

I am aware, however that these false doctrines and philosophies originally emanated from hundreds of Temples of Golden Wisdom and Mystery Schools in diverse planes of the spirit realm. For instance, the earthly scientists (astronomers) know of a place on the far side of the moon which they call “Station No. 9”. On that same location, beyond the physical eyes of men, lies “The Temple of Sacred Mystery”, which is one of the greatest occult schools in the spirit realm, wherein I received lectures in the past through inter-planetary astral travel.

There is also a mystery school known as The Temple of Golden Wisdom in the Venus Planet. The entity (spirit being) incharge of this temple is an ECK Master called Gopal Das. This entity is one of the Ascended Masters of the Order of Vairagi, which brought the Eckankar society into this physical world. Consequently, higher

initiates of Eckankar worldwide do study in this temple from time to time via soul travel or inter-planetary projection.

There is also an area in the Mars Planet known as Mars Sector-6. This area, which we perceived in the past to be “Paradise”, is the abode of great spirits in the Mars Planet. When I was the Living Grand Master, I had the psychic power to “transfer” (kill) people and take them to this so-called “Paradise”. Often such “people” in turn would thank me for taking them out of the earth. But now I know by the Spirit of God that the “dead men” found in this areas were spirit beings or demons in disguise – they are not the real dead people. This was a craft designed to deceive the principal human agents by the Prince of Darkness, in order for such agents to kill in the sincere belief that they are helping to transfer men from the earth to paradise via death.

What I am saying is that the realm of spirit exists in different planes of the created worlds of matter, space, energy and time. The psychic games and metaphysical manipulations going on in each and every plane of the kingdom of darkness⁴ to the detriment of human beings, are multidimensional in all aspects of spiritual warfare. Therefore let me emphasize once again that there are different kinds of spirit beings such as the Invisible Servants, Ascended Masters, Space Masters, Demigods, Guardians of Mystery Schools and Temples of Golden

Wisdom, Spiritual Guides, Controlling Deities, Planetary Spirits and the Elemental spirits, to mention but a few.

In their related combined spiritual warfare against human beings, some of these spiritual entities are in charge of the propagation of false doctrines; some focus their subtle energies towards the spread of lust and sleep waves to weaken and dominate the minds of human beings; others engage in the advancement of the preparation of talismans, idols, charms and amulets; while others manipulate the influence of the stars upon the earthmen to sustain the occultic predictions of horoscopes; some promote the love of money for the enslavement of men, among many others.

On the evidence to prove the existence of spirit beings in other planes of existence, let us go back, for instance, to the Space Masters which I earlier spoke of. The visitations of these space entities to Europe and North America, with their highly sophisticated “unidentified flying objects” (UFO) like flying saucers, have been widely reported and documented. Scientists on earth have further acknowledged that the entire technology of man is nothing to compare with that of the “space-beings”. Indeed the radiation from UFO alone has often destroyed human aircrafts sent to investigate or counter it. Of course these so-called “spacemen” with their powerful UFOs are definitely not from any part of the Earth Planet. This evidence should at least impress it in

the human conviction that there are entities beyond the earthly physical system of reality.

QUESTION 14: What was your opinion about Jesus Christ in the past, and what is your present opinion of Him?

B.B.C. RADIO
London, United Kingdom.

IYKE NATHAN UZORMA: In the past I had a dual opinion about Jesus Christ, that was my exoteric and esoteric concepts. In the exoteric aspect of my opinion then, I joined people to say that “Jesus is “Lord”, but my concept of His Lordship was based on the wrong thinking that Jesus, being a past Master of the 3rd Cosmic Initiation, is a “Lord”, that is a “lower Lord” in the lower strata of the hierarchy of the “Cosmic Forces.” In the esoteric aspect, however, I proclaimed myself to be higher than Jesus Christ. When I became Avatar in 1990, I was a “Perfect Master” of the 5th and the last Cosmic Initiation. And because we considered Jesus Christ to be a Master of the third Cosmic Degree, I sincerely believed that I was higher than Him. This fallacy was more sustained then due to advanced inner psychic manipulations. For instance, I met an entity or spirit being called Jesus Ajonichim who told me that he was the Jesus Christ that lived on earth. This entity even worshipped me when I became The Living Grand Master. So I was sincerely deceived! But when I at last

encountered the true Lord Jesus Christ, he totally banished my occultic powers and delivered me. Then I knew the truth – that Christ is real while “Jesus Ajonichim” is false.

Now, I am convinced that our Lord Jesus Christ is the Lord of Light, the Lord of Everlasting Life and the Only Way to God. By the grace of God I am now operating in the consummate recognition that any power outside the righteousness of Jesus Christ is bogus in all aspects.

I have preached in different places and made several publications, the essence of which is to urge the earthmen to submit to the Holy Spirit and be guided by what the Scriptures say concerning our Lord Jesus Christ. Speaking of Christ, the Scripture has it that:

“Wherefore God also hath highly exalted Him, and given Him a name which is above every name: that at the name of Jesus every knee should bow, of things in heaven, and things in earth, and things under the earth; and that every tongue should confess that Jesus Christ is Lord, to the glory of God the Father”

-Phi. 2:9 – 11.

“For by Him were all things created, that are in Heaven, and that are in earth, visible and invisible, whether they be thrones, or

dominions, or principalities, or powers: all things were created by Him, and for Him”

- Col. 1:16.

I am sure you are aware that there are many occultic groups, secret societies and false religions on earth. They speak of “God”, but they are truly outside the bonafide spiritual path. Any path contrary to the Lord Jesus is against the Will of God, hence the words of Christ.

“Verily, verily I say unto you, he that entereth not by the door into the sheepfold, but climbeth up some other way, the same is a thief and a robber”

- John 10:1.

The “sheepfold” in this connection is the Kingdom of God. The only door to this Supreme Abode is our Lord Jesus Christ. Those attempting to enter the Kingdom of God without Jesus Christ in the centre of their lives are proclaimed to be thieves and robbers. It is a fact, however, that such people may be sincere, but then they are sincerely deceived. This understanding is the most vital spiritual truth – that Christ is the only door to the sheepfold. The Lord Himself established this thought when He said:

“I am the door: by me if any man enter in he shall be saved, and shall go in and out, and find pasture”

- John 10: 9).

Let it be emphasized therefore that the Great Door to the Supreme Abode of the Highest Heaven is CHRIST! The “DOOR” is not any of the proclaimed “Great Masters” in the world of man, or the so-called “Ascended Masters” in the spirit realm. Therefore, the door to the sheepfold is not Zoroaster of ancient Persia, Gopal Das of Egypt, Saint Germain of France, Master Meng – Tzu of China, Kofi Menu Of Ghana, Mirza Ali Nuri (Baha’ullah) of Iran, Saib Ajirobatan (Guru Maharaj Ji) of Nigeria, Lord Shakyamuni (Buddha) of India, Harold Klemp (Living ECK Master) of the United States, Yogirigi George King of England, Orunmila of Nigeria, Abd-ru-shin of Germany and Shri Anandamurti of India, to mention but a few.

QUESTION 15: What are some of the philosophies that spirit beings in other planets have propagated on earth to lead men astray?

B.B.C. RADIO

London, United Kingdom.

IYKE NATHAN UZORMA: Multitudes of vain philosophies are brought to the earth by extra-terrestrial

entities solely to manipulate the truth and thus deceive the earthmen. Of course the ultimate aim of the Prince of Darkness and his forces is to deceive human beings. However, the human agents of Satan through whom these vain philosophies come to the earth, are sincerely deceived, because they do not know that they are propagating the concepts of fallen angels.

Now one of such philosophies deal with the theory of when the soul personality enters the body of a child. Some Masters of esoteric metaphysics (including myself in the past) hold that the soul personality enters a child immediately after birth. Because souls live in the external essence of sound vibrations via the omnipresent Spirit of God, it was further taught that the sign to show that a soul has entered a new born baby is the sound of a cry, without which the child can not live in the world of man.

Consequently, it was established through this thought that abortion is not against the Will of God. For during abortion, according to this philosophy, no harm is done to the soul, only the foetus, which has no soul, is removed. It was this demonic philosophy that influenced the legalization of abortion in different parts of the world.

Furthermore, the demonic lie that Jesus Christ was a Nigerian in His First Advent was designed to lead man astray from the bonafide path of the Holy Scriptures.

There is also a philosophy that souls do not survive death, that at physical death, souls cease to exist. This wrong concept negates the Word of God. There are several other demonic philosophies that are in motion to dominate the human mind towards the path of darkness.

QUESTION 16: Some Christians worship God mainly on Sundays as the day of the Lord, while some do so on the Sabbath, that is Saturday, believing same to be the bonafide day of worship commanded by God. When you were in the occult, how did you see the Christians that worship on Sunday and those that worship on the Sabbath?

GARDEN CITY RADIO
Kumasi, Ghana.

IYKE NATHAN UZORMA: Then we were not concerned with the days of worship. Rather we were only interested in the level of power and the state of light carried by an individual. Those who are seen to carry great light on their foreheads, or radiate same via their eyes, are major threat to the powers of darkness. And they are as well major targets of psychic attack of the occult forces.

When the forces of darkness see this great light on you, they go all out through diverse manipulations to attempt to quench it. So they are not concerned with the days of your worship, but with the state of the spirit of

righteousness of Christ in your life. I must add that without this light, which is the symbol of Christ in us, our worship, whether on Sunday or on Saturday is defeated.

QUESTION 17: Your books reveal that you also practiced witchcraft. How did you learn this?

GARDEN CITY RADIO

Kumasi, Ghana

IYKE NATHAN UZORMA: I practiced witchcraft, that is why after my conversion by the Power of Christ I also wrote a book entitled: HOW TO COMPLETELY OVERCOME WITCHES AND WIZARDS AND ALL THE POWERS OF DARKNESS. This book reveals the process of victory over the crafts I practiced in the past, which is still being practiced today by many people.

Even when I was a little boy, I used witchcraft to play with the life of several people. For instance, then when one comes to visit my parents, I could project via this art into him and thereafter project out of the person through any part of the body. After few days a painful boil will develop on the person from the very spot of the body through which I projected out. When I see the person coming to visit my parents with the boil on him, then I will begin to laugh. This was one of my own ways of playing as a little boy. This should serve as a clue of how the powers of darkness play with human life. If you are a strong Christian, no one can project into you but if you

are not, then you are like a meat in the mouth of the enemy.

QUESTION 18: Most of the Nigerian films we watch here in Ghana is full of either witchcraft, juju, or spell. It is like everyone wants to make money by bringing the head of this person, the tongue of that person, and all that. Is this what happens truly in Nigeria, or is it a mere fiction?

GARDEN CITY RADIO
Kumasi, Ghana

IYKE NATHAN UZORMA: Of course to some extent it happens, though not only in Nigeria but even here in Ghana and other nations of the world. There are many true children of God in Nigeria as well as agents of darkness. Thus the sheep and the goat will grow and live together till the fullness of time when the sheep shall be separated from the goat.

QUESTION 19: You spoke of the light on the forehead of Christians. How can the powers of darkness quench this light?

GARDEN CITY RADIO
Kumasi, Ghana

IYKE NATHAN UZORMA: To take away this light or to quench it, the powers of darkness will attempt to put a

believer in a zero point as explained in most of my treatise. If a believer enters into this zero point through sin, the light will go off, except he is restored again by Christ. But if one remains steadfast in the Lord, no power of darkness can prevail against him. ness

QUESTION 20: What advice do you have for those out there who are still in the occult world?

GARDEN CITY RADIO
Kumasi, Ghana

IYKE NATHAN UZORMA: I know that some people in the occultic system are sincere and that they are sincerely deceived. I am speaking from experience. I want to let them know that one's sincerity in getting involved in AMORC, Eckankar Odd Fellows, Aetherius Society, among others, can not save anyone. Salvation comes only through the Blood of our Lord Jesus Christ.

QUESTION 21: Sir, if I should understand the meaning of Harbinger to be a sign of something to come, then what sign do you represent?

PRIME SUN SET
Lagos Nigeria.

IYKE NATHAN UZORMA: The Harbinger of the Last Covenant is a blessing to the world made by God not by

men. I have a mission, which is to bear witness of the Great Power of Christ to the faithful and the faithless. I am given a message by the Lord to the earthmen on the mystery of His Kingdom and of the realms beyond, which those who have ears should hear. The Scripture spoke of this, but the world including some members and officials of Christian Religion do not yet realize its fulfillment. Now listen to what the Scripture says in Revelation Chapter 14 verses 6 and 7:

“And I saw another angel fly in the midst of heaven, having the everlasting gospel to preach unto them that dwell on the earth, and to every nation, and kindred, and tongue, and people, saying with a loud voice, fear God, and give glory to Him, for the hour of his judgment is come: and worship him that made heaven, and earth, and the sea, and the fountains of waters.”

Here we are told that a certain Angel of God was given an “everlasting gospel to preach unto them that dwell on the earth.” The specific point here is that the Angel must preach this message on earth – solely in the world of man. How will this Angel come to the earth for this glorious assignment? Will he come as a tree, as a stone, as a beast, as fire, or as a human being for this purpose? Think about this.

The Angel was given a message to proclaim via diverse means in different parts of the world of man. For this Angel to fulfill the mission of spreading the message among men, for him to be heard by men in this regard, he has to be born on earth also among men. Remember that even Christ himself was born on earth to fulfill the mission of His First Advent.

Let me use this opportunity to inform the world of a very important spiritual experience I had with the Lord in this connection. One early morning I opened my eyes whilst I was caught up by the Spirit of God. Then the Lord came. He sat upon a throne in a cloud of great light. There was what I would call ‘endless glory’, which filled all the realms. The Lord of Hosts who sat on the throne took the form of a strange man, and His hair was as white as snow.

When He spoke, there came forth from the clouds multidimensional rays of Supreme Light, and His voice sounded like a great wave of limitless ocean. He said to me, “O ye Iyke, Harbinger of the Last Covenant, who art thou?” I answered and said: “My Lord God thou knowest.”

Again He said to me: “Knowest thou this that thou, O Harbinger, art among the Hosts of Heaven that were of old with me, thy Lord?” I answered and said: “O my Lord, I know nothing of myself but that which is granted by thee.”

Then the Greatest Lord, the Most Holy One, spoke to me and said: “Son of man, let this moment be sacred all the days of your life; son of man, let this understanding prevail in you; behold, thou art now human among the children of men, but, behold, even before thy Lord, thou art my Angel.”

He continued: “Son of man, behold, you are the very Angel which was revealed to John – my faithful servant”. Again He said to me: “know and understand that you are the Great Angel seen in spirit by John flying in the midst of heaven. You are the very Angel seen by John with an Everlasting Gospel to preach among the children of men. The Everlasting Gospel, which thou must proclaim, is inside you already. Proclaim this for those who have ears to hear, for, behold, the hour of my judgment is here”.

Herein lies the mission of the Harbinger in this era. I further learnt from the Lord that by His own mysterious working, He permitted me to enter into the deepest realms of the powers of darkness in order for their secrets to be completely exposed in our time. In other words, I was sent as a spy, by God, unknown to me, into the realms of darkness for the ultimate glory of God and to the victory of the saints.

Having said these, let me also add that by the grace of God, the Lord’s Harbinger operates in the highest essence of the Holy Spirit and holds the key of the Power

of God. This is why the spiritual decrees we make in the Holy Name of Jesus Christ can not fail. For instance, if you read my book entitled TOWARDS THE REIGN OF RIGHTEOUSNESS, you will see what happened when they were about to impeach Bill Clinton from the office of American President. I was empowered in spirit by the Lord to make a decree that he would not be impeached from office, because he was forgiven by the Holy Spirit. I made the decree, which also prevailed.

Now listen: there is going to be power explosion on this planet such that has never been experienced since creation began. The Harbinger must know the details of this. There is a mystery of life, and there is a mystery of the mysteries of the great life. The Harbinger must know both for the perfection of the Everlasting Gospel.

The mission of the Harbinger is very important. He does not need to beg anyone. But those who are of God will see the light. I tell you the truth, there are many now alive on earth, who shall not see death till they meet with the Lord face to face.

QUESTION 22: Any message to the people out there?

GARDEN CITY RADIO
Kumasi, Ghana

IYKE NATHAN UZORMA: We are interested in letting people know that without the Spirit of Christ in

one's life, one is nothing but a slave to darkness in this creation. But with Christ, one is as free as the air. With Christ one is free indeed. With Christ one becomes a true citizen of the universe. We want people to know this, so that whosoever is not yet in Christ should come to Him now. That is our message.

JESUS CHRIST IS THE LORD!!!
